18. Authorisation of the Company's Board of Directors to decide on issuance of shares, option rights and other special rights entitling their holders to shares

The Board proposes that the AGM authorise the Board to decide on the issuance of shares, option rights and other special rights entitling their holders to shares, as provided by the Finnish Companies Act, Chapter 10, Section 1, which would replace the earlier authorisation by the AGM on April 3, 2019 for 3,000,000 Series B shares.

This authorisation covers one or more issues against payment or without payment and may also cover divestment of the Company's own shares.

The authorisation concerns Series B shares. The total number of shares that may be issued with the support of the authorisation (including shares issued on the basis of special rights) shall not exceed 3,000,000 shares.

The Board shall decide on the terms and conditions for the issuance of shares, option rights and other special rights. These issuances may diverge from the pre-emptive right of shareholders to shares in the Company (targeted share issue). In such cases, the authorisation may be utilised for acquisitions of companies or to finance and implement arrangements that are part of the Company's business operations or as one element in the realisation of incentive programmes at the Company.

According to the proposal, the Board will also be entitled to decide whether the subscription price shall wholly or partly be set aside in the unrestricted equity capital fund or be recognised in equity capital.

The authorisation will be in force for five years, up to and including March 26, 2029.
