

ÅLANDSBANKEN

ÅLANDSBANKEN ABP

(incorporated with limited liability in the Republic of Finland)

EUR 2,000,000,000

Medium Term Note and Covered Bond Programme

Under this EUR 2,000,000,000 Medium Term Note and Covered Bond Programme (the **Programme**), Ålandsbanken Abp (**Ålandsbanken** or the **Issuer**) may from time to time issue (i) medium term notes (**MTNs**) and (ii) covered bonds (**Covered Bonds** and, together with MTNs, the **Notes**) under the Finnish Act on Mortgage Credit Bank Operations (*Laki kiinnitysluottopankkitoiminnasta* 688/2010) (as amended) (the **Covered Bond Act**). The Notes may be denominated in EUR or SEK as specified in the final terms (the **Final Terms**).

The Programme provides that Notes may be listed on the Helsinki Stock Exchange maintained by Nasdaq Helsinki Ltd (the **Helsinki Stock Exchange**) as specified in the Final Terms of the relevant series of Notes (each a **Series**). Each Series of Notes may comprise one or more tranches of Notes (each a **Tranche**). The Issuer may also issue unlisted Notes.

This base prospectus (the **Base Prospectus**) should be read and construed together with any supplement or update hereto and with any other information incorporated by reference herein and, with the applicable Final Terms for the relevant Notes (see *“Information Incorporated by Reference”*).

Besides filing this Base Prospectus with the Finnish Financial Supervisory Authority (the **FIN-FSA**) for the purposes of facilitating a potential listing of Notes on the Helsinki Stock Exchange, the Issuer has not taken any action, nor will it take any action, to render the public offer of the Notes or their possession, or the distribution of this Base Prospectus or any other documents relating to the Notes admissible in any jurisdiction requiring special measures to be taken for the purpose of a public offer.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the **Securities Act**) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks, see “Risk Factors”.

The Issuer has been assigned a long-term credit rating of BBB by Standard & Poor’s Credit Market Services Europe Limited (**S&P**). S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation. Notes issued under the Programme may be rated by S&P or unrated. Where a Series of Notes is rated, such rating will be disclosed in the Final Terms. **A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning credit rating agency.**

ÅLANDSBANKEN

IMPORTANT INFORMATION

IMPORTANT – EEA RETAIL INVESTORS: The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of the Markets in Financial Instruments Directive 2014/65/EU (as amended) (**MiFID II**); (ii) a customer within the meaning of the Insurance Mediation Directive 2002/92/EC (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive 2003/71/EC (as amended) (the **Prospectus Directive**). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended) (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

In this Base Prospectus, the terms **Ålandsbanken** and the **Issuer** refer to Ålandsbanken Abp, the term **Group** refers to Ålandsbanken and its consolidated subsidiaries, the term **Arranger** refers to Ålandsbanken Abp in its capacity as the arranger of the Programme and the term **Dealer** refers to any bank acting as dealer in relation to a Tranche of Notes. The term **Noteholder** refers to a holder of MTNs or Covered Bonds. Capitalised terms which are used but not defined in any particular section of this Base Prospectus will have the meaning attributed thereto in section “*General Terms and Conditions of the Notes*” or any other section of this Base Prospectus.

This Base Prospectus has been prepared in accordance with the Finnish Securities Markets Act (*Arvopaperimarkkinalaki* 746/2012) (as amended) (the **Securities Markets Act**), the Finnish Ministry of Finance’s Decree on prospectuses referred to in Chapters 3 to 5 of the Securities Markets Act (1019/2012), the Commission Regulation (EC) No. 809/2004 (as amended) (the **Prospectus Regulation**) in application of Annexes VI, IX, XIII and XX thereof, and the regulations and guidelines of the FIN-FSA. The FIN-FSA, which is the competent authority for the purposes of the Prospectus Directive and relevant implementing measures in Finland, has approved this Base Prospectus (journal number FIVA 71/02.05.04/2017), but assumes no responsibility for the correctness of the information contained herein.

Ålandsbanken will, as deemed necessary, supplement this Base Prospectus with updated information pursuant to Chapter 4, Section 14 of the Securities Markets Act. Otherwise, neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same.

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

No Dealer has independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any Dealer as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any Dealer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer or any Dealer that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness of the Issuer.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Neither the Issuer nor any Dealer represents that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or any Dealer which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States and the EEA (including the United Kingdom) (see “*Selling Restrictions*”).

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. However, the Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are described below.

The risks described below could have a material adverse effect on the business, financial condition, results of operations or future prospects of the Issuer and the Group or the value of the Notes.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

General economic conditions and circumstances in the financial markets

Disruptions and volatility in the global financial markets could adversely affect the Group

The global capital and credit markets have been characterised by extreme volatility and disruption in recent years as a result of both the global financial crisis and the more recent European sovereign debt crisis and its effect on banks perceived to be at risk as a result. Reflecting this and possible future events that may have similar effects on the financial markets, the Group may experience reductions in business activity, increased funding costs, decreased liquidity, decreased asset values, additional credit impairment losses and lower profitability and revenues. Any of the foregoing factors could adversely affect the Issuer's ability to make payments due in respect of the Notes.

The recent and continuing turbulence in the financial markets may have an adverse impact on the Group's ability to attract new clients and investors for its banking and asset management businesses as well as to retain existing clients and investors.

The financial markets are also influenced by political events, such as terrorist acts, war and other hostilities as well as by market specific events, such as shifts in consumer confidence and consumer spending, the rate of unemployment, industrial output and labour or social unrest. These types of events and responses to these events may create economic and political uncertainties which could have a negative impact on Finnish, Swedish, European and international economic conditions generally and, more specifically, could interrupt the Group's business and result in substantial losses, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Economic conditions in Finland and Sweden could have an adverse effect on holders of Covered Bonds

The Covered Bonds issued under the Programme will have the benefit of the Finnish Cover Pool or the Swedish Cover Pool (see "Overview of Issuer's Cover Pool's" and "Characteristics of the Cover Pools"), as specified in the applicable Final Terms. The Finnish Cover Pool includes loans secured by residential properties located in Finland and may also include loans secured by commercial properties in Finland. The Swedish Cover Pool includes residential properties located in Sweden and may also include loans secured by commercial properties in Sweden. Accordingly, the credit quality of the Cover Pool could be adversely affected by, among other

things, adverse developments in the economies, residential markets and commercial real estate markets of Finland or Sweden, as the case may be. Such events or developments could have a material adverse effect on holders of Covered Bonds.

Credit risk

The Group is exposed to the risk of its borrowers and counterparties failing to meet their obligations towards the Group

Credit risk is the risk that the Group will incur losses because of its counterparties' or borrowers' inability to meet their obligations to the Group as they fall due or the inadequacy of collateral or other security obtained by the Group from its counterparties and borrowers. Adverse changes in the creditworthiness of the Group's counterparties and borrowers or any reduction in the value of collateral or other security obtained by the Group may have an adverse impact on the Group's financial results and creditworthiness. The credit risk of the Group is comprised primarily of claims against private individuals. As at 30 June 2017, the Group's total lending was EUR 3,915 million, of which approximately 71 per cent. constituted loans to private individuals or households. The Group therefore has significant exposure to individuals and households. Individuals' and households' creditworthiness is affected by a variety of factors such as the state of the economy in general, adverse changes in the level of employment and real estate values. As at 30 June 2017, total lending in Sweden was EUR 1,251 million, or approximately 32 per cent. of the total lending of the Group, with the balance of lending being in Finland. The exposure of the Group is, therefore, also particularly concentrated in Finland and Sweden.

As at 30 June 2017, the Group's total lending to corporate and other institutional customers was EUR 1,147 million. The Group's exposure to corporate and other institutional customers is subject to adverse changes in their credit quality, whether as a result of the global financial crisis or the European sovereign debt crisis or for other reasons.

Credit losses vary over the business cycle and there is a risk of heightened credit losses in the current economic environment. As European markets remain challenging in the aftermath of the latest financial crisis, credit risk associated with certain borrowers and counterparties in these markets remains heightened.

The Group routinely executes transactions with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment banks, funds and other institutional and corporate clients. Many of these transactions expose the Group to the risk that the Group's counterparty in a foreign exchange, interest rate, commodity, equity or credit derivative contract defaults on its obligations prior to maturity when the Group has an outstanding claim against that counterparty. Due to the increased volatility in foreign exchange and fixed income markets in recent years, this risk has increased. This credit risk may also be exacerbated when the collateral held by the Group cannot be realised or is liquidated at prices not sufficient to recover the full amount of the counterparty exposure.

Any of the foregoing can lead to material credit losses, which could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group is exposed to the risk of increased credit provisioning

The Group maintains allowances for loan losses to cover estimated probable incurred credit impairments inherent in its loan portfolio. The Group's calculation of the allowance for losses on loans is based on, among other things, its analysis of current and historical delinquency rates and loan management, its customers' likely repayment capacity and the valuation of the underlying assets, as well as numerous other management assumptions. These internal analyses and assumptions may give rise to inaccurate predictions of credit performance.

The Group's accrued impairment loss on loans and other commitments was EUR 1.0 million as at 30 June 2017 as compared to EUR 4.1 million in the year ended 31 December 2016 and EUR 3.0 million in the year

ended 31 December 2015. Any material increase in impairment loss on loans and other commitments could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group is exposed to declining property values on the collateral supporting residential real estate lending, which is by far the most important form of collateral in the Group's lending

The Group's total lending at 30 June 2017 was EUR 3,915 million, of which home loans to private persons in Finland and Sweden amounted to 55 per cent., or EUR 2,171 million.

Any economic downturn in the Group's core markets of Finland and Sweden, with falls in house and property prices and increases in unemployment, could adversely affect the Group's home loans portfolio and generate increases in impairment losses. In addition, the effects of declining property values on the wider economy are likely to also contribute to higher default rates and impairment losses on the Group's loans. Such events could have a material adverse effect on the Group's business, financial condition and results of operations.

Liquidity risk

The Group is exposed to the risk of not being able to meet its obligations as they fall due or only being able to meet its liquidity commitments at an increased cost

A substantial part of the Group's liquidity and funding requirements are met through reliance on customer deposits, as well as ongoing access to wholesale lending markets, including issuance of long-term debt market instruments such as covered bonds. The volume of these funding sources, in particular long-term funding, may be constrained during periods of liquidity stress. Turbulence in the global financial markets and economy may adversely affect the Group's liquidity and the willingness of certain counterparties and customers to do business with the Group. More than half of the Group's funding requirements are met through customer deposits. As a result, the Group is particularly exposed to significant outflows of deposits, which may occur in times of turbulence in the financial markets and the economy.

Such events or a general decline in the Group's liquidity may adversely affect the availability and price of the Group's funding and, as a consequence, have a material adverse effect on the Group's business, financial condition and results of operations.

Market risk

Changes in interest rates or other market prices could adversely affect the Group

The Group's customer-driven trading operations (where positions, within certain defined limits, are taken) and its treasury operations (where the Issuer holds investment and liquidity portfolios for its own account) are the key contributors to market price risk for the Group.

To the extent volatile market conditions persist or recur, the fair value of the Group's assets could fall substantially and cause the Issuer or other members of the Group to record write-downs. In addition, because the Group's investment income from assets held in its liquidity portfolio depends to a great extent on the performance of financial markets, volatile market conditions could result in a significant decline in the Group's investment income, or result in a loss.

Like all banking groups, the Group earns interest from loans and other assets, and pays interest to its depositors and other creditors. The net effect of changes to the Group's net interest income depends on the relative levels of assets and liabilities that are affected by changes in interest rates. The Group is exposed to structural interest income risk when there is a mismatch between the interest rate re-pricing periods, volumes or reference rates of its assets, liabilities and derivatives. This mismatch in any given period in the event of changes in interest rates could lead to significant losses or protracted periods of low profitability or losses.

A substantial portion of the Group's assets are denominated in SEK. The Group is therefore exposed to adverse exchange rate movements between SEK and EUR. A significant movement in the SEK and EUR exchange rate could have a material adverse effect on the Group's balance sheet positions. Adverse movements in interest rates or other market prices could therefore have a material adverse effect on the Group's business, financial condition and results of operations.

Operational risk

Losses as a result of inappropriate or inadequate internal routines, human error, defective systems or external events could adversely affect the Group

Although the Group has implemented risk controls and taken other actions to mitigate exposures and/or losses, there can be no assurance that such procedures will be effective in controlling each of the operational risks faced by the Group, or that the Group's reputation will not be damaged by the occurrence of any operational risks.

As a part of its banking and asset management activities, the Group provides its clients with investment advice and access to internally, as well as externally, managed funds. In the event of losses incurred by the Group's clients due to such investment advice, or an investment in such funds, the Group's clients may seek compensation from the Group, which may result in losses for the Group. Such compensation might be sought even if the Group has no direct exposure to such risks, or has not recommended such counterparties to its customers.

Operational risks, if realised, could lead to impairment or other losses, or increased costs or expenses, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Business risks

Competitive threats could adversely affect the Issuer's results of operations and financial condition

There is competition for the types of banking and other products and services that the Group provides and there can be no assurances that the Group can maintain its competitive position. For example, a key success factor in the Group's strategy to be a bank for investors is the provision of high service levels to its Premium and Private Banking clients. The Group faces competition in this market in both Sweden and Finland from several smaller specialised firms as well as large Nordic banks. If the Group is unable to provide competitive product and service offerings, it may fail to attract new customers and/or retain existing customers, experience decreases on its interest, fee and commission income, and/or lose market share. Also, the mortgage loan business in Finland and Sweden is competitive. Lenders advertise extensively and use targeted marketing and loyalty schemes in an effort to expand their presence in the market and compete for customers.

Competition may adversely impact the Group's position in the market for mortgage business and Premium and Private Banking services and there can be no assurance that the business strategy adopted by the Group will be successful. If the Group's strategy proves unsuccessful, it could lead to a decrease in market share, protracted periods of low profitability or losses and a deterioration of its financial condition.

Any of these factors could have a material adverse effect on the Group's business, financial condition and results of operations.

Regulatory changes may adversely affect the Group, and the Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks.

The Group is subject to financial services laws, regulations, administrative actions and policies in Finland and Sweden. Following the global financial crisis and the increased loan losses and asset quality impairment financial institutions experienced as a result, governments in the markets in which the Group operates are

likely to increase the minimum capital requirements and to introduce other regulatory changes affecting the Group's operations. Changes in supervision and regulation, particularly in Finland, could materially affect the Group's business, the products and services offered or the value of its assets. Such changes in regulation and supervision may, for example, expose the Group to additional costs and liabilities and require it to change how it conducts business. These changes may include:

- changes in regulatory requirements, such as prudential rules relating to the capital adequacy framework and the imposition of onerous compliance obligations;
- changes in laws and regulations or changes in regulatory regimes that may significantly influence investor decisions, in particular in the markets in which the Group operates, or may increase the costs of doing business in those markets; and
- changes in the monetary, interest rate, capital adequacy and other policies of central banks and regulatory authorities.

Although the Group works closely with its regulators and continually monitors the situation, future changes in regulation, fiscal or other policies can be unpredictable and are beyond the control of the Group.

The Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and regulatory risks. As a result, the Group may become involved in various disputes and legal proceedings in Finland, Sweden and other jurisdictions, including litigation and regulatory investigations. These disputes and legal proceedings are subject to many uncertainties, and their outcomes are often difficult to predict, particularly in the earlier stages of a case or investigation. Adverse regulatory action or adverse judgments in litigation could result in fines or in restrictions or limitations on the Group's operations, any of which could result in a material adverse effect on its reputation or financial condition. In addition, any determination by local regulators that the Group has not acted in compliance with applicable local laws in a particular market, or any failure to develop effective working relationships with local regulators, could have a significant and negative effect not only on the Group's businesses in that market but also on its reputation generally. The Group's strategy is to be a bank for investors that builds and maintains customer relationships. Regulatory risks, along with their potential impact on the Group's reputation, can adversely impact the Group's ability to successfully implement its strategy. For example, adverse regulatory action or non-compliance with rules relating to the Group's custody of its client's assets, or procedures relating thereto, could have a material adverse effect on its reputation or financial condition.

Regulatory changes and issues could therefore have a material adverse effect on the Group's business, financial condition and results of operations.

Changes in taxation may increase the Group's tax burden

The Group's business is conducted in accordance with the Group's interpretation of applicable tax laws, regulations and administrative practices. There can, however, be no assurance that the Group's interpretation of applicable laws, regulations or administrative practices is correct, or that such are not changed, possibly with retroactive effect. Changes in tax laws and regulations or their interpretation or application could significantly increase the Group's tax burden. A failure to manage such risks could materially adversely affect the Group's business, financial condition and results of operations.

Increased capital requirements may adversely affect the Group

The Capital Requirements Directive 2013/36/EU (as amended) (the **CRD IV**) and the Capital Requirements Regulation (EU) No. 575/2013 (as amended) (the **CRR**) have replaced the European Capital Requirements Directive (comprising Directives 2006/48/EC and 2006/49/EC). The CRR came into force on 28 June 2013 and the CRD IV on 17 July 2013, both with substantial transition periods. The CRR has been directly applicable in the European Union as of 1 January 2014. The criteria for the liquidity coverage ratio (**LCR**) set

out in the CRR must be fully met as of January 1, 2018. The Finnish Act on Credit Institutions (*Laki luottolaitostoiminnasta* 610/2014) (as amended), as currently in effect, comprises implementations of CRD IV and Basel III requirements. CRD IV and Basel III requirements have also been implemented into Finnish legislation and regulation by, among others, regulations and guidelines of the Finnish Ministry of Finance and the FIN-FSA.

The new regulations mean more stringent criteria for Tier 1 capital as well as a number of technical changes in calculations, which will have an adverse effect on the Group's Tier 1 capital base. For the Issuer, the principal changes relate to deductions from the Tier 1 capital base for (i) expected losses in the Issuer's credit portfolio as calculated in accordance with the internal ratings based (**IRB**) approach, (ii) unrealised gains from investments held in the "available-for-sale" portfolio measured at fair value no longer being recognised as Tier 1 capital and (iii) minority holdings of the Issuer.

The Issuer is also subject to more stringent capital requirements on debt held in its liquidity portfolio as the "sovereign method" (under which national supervisory authorities had the possibility of basing risk weights on the public ratings of the counterparties' home countries instead of the counterparties' own external ratings) for institutions exposure class is abolished in the new regulations. Also, there is an additional capital charge for OTC-instruments cleared outside central counterparty clearing.

These and other changes to capital adequacy and liquidity requirements imposed on the Issuer may require the Issuer to raise Additional Tier 1, Core Tier 1 and Tier 2 capital by way of further issuances of securities and could result in existing Tier 1 and Tier 2 securities ceasing to count towards the Issuer's regulatory capital, either at the same level as at present or at all. Any failure by the Issuer to maintain any increased regulatory capital requirements or to comply with any other requirements introduced by regulators could result in intervention by regulators or the imposition of sanctions, which may have a material adverse effect on the Group's, business, financial condition and results of operations and may also have other effects on the Issuer's financial performance and on the pricing of the Notes, both with or without the intervention by regulators or the imposition of sanctions.

The Council of the European Union has adopted a bank recovery and resolution directive which is intended to enable a range of actions to be taken in relation to credit institutions and investment firms considered to be at risk of failing. The implementation of the directive or the taking of any action under it could materially affect the value of any Notes.

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **BRRD**) entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD has been applied by Member States since 1 January 2015, except for the general bail-in tool (see below) which has applied since 1 January 2016.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the firm to meet its repayment obligations; (iii) asset separation - which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives

resolution authorities the power to write down certain claims of unsecured creditors of a failing institution (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims to equity or other instruments of ownership (the **general bail-in tool**), which equity or other instruments could also be subject to any future cancellation, transfer or dilution. Relevant claims for the purposes of the bail-in tool would include the claims of the holders in respect of any Notes issued under the Programme, although in the case of Covered Bonds, this would only be the case if and to the extent that the amounts payable in respect of the Covered Bonds exceeded the value of the cover pool collateral against which payment of those amounts is secured.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

Any application of the general bail-in tool under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on Noteholders will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent any resulting treatment of Noteholders pursuant to the exercise of the general bail-in tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder has a right to compensation under the BRRD based on an independent valuation of the firm. Any such compensation is unlikely to compensate that holder for losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under the Notes.

The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. Noteholders may be subject to the application of the general bail-in tool (subject, in the case of Covered Bonds, to the limitation outlined above), which may result in such holders losing some or all of their investment. Such application could also involve modifications to or the disapplication of provisions in the conditions of the Notes, including alteration of the nominal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period. As a result, the exercise of any power under the BRRD or any suggestion of such exercise could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

The Group's guidelines and policies for risk management may prove inadequate for the risks faced by its businesses

The management of business, market, regulatory and legal risks requires, among other things, guidelines and policies for the accurate identification and control of a large number of transactions and events. Such guidelines and policies may not always be adequate. Risk management measures taken by the Group include entering into hedging transactions to manage market risks, issuing credit risk limits for each counterparty to which the Group is exposed in its lending business, requiring sufficient security for credits provided, and undertaking customary due diligence to manage legal risks. Some of these and other methods used by the Group to manage, estimate and measure risk, such as value-at-risk analyses and certain statistical methods for determining credit risk, are based on historic market behaviour. The methods may therefore prove to be inadequate for predicting future risk exposure, which may prove to be significantly greater than what is suggested by historic experience.

Historical data may also not adequately allow prediction of circumstances arising due to government interventions and stimulus packages under consideration, which increase the difficulty of evaluating risks. Other methods for risk management are based on evaluation of information regarding markets, customers or other information that is publicly known or otherwise available to the Group. Such information may not always be correct, updated or correctly evaluated.

Any failure on the part of the Group to adequately manage its risks could have a material adverse effect on its business, financial condition and results of operations.

Financial services operations involve inherent reputational risk

The Group's reputation is one of its most important assets. Reputational risk, including the risk to earnings and capital from negative public opinion, is inherent in the financial services business. Negative public opinion can result from any number of causes, including misconduct by employees, the activities of business partners over which the Group has limited or no control, severe or prolonged financial losses, or uncertainty about the Group's financial soundness or reliability. Negative public opinion may adversely affect the Group's ability to keep and attract customers, depositors and investors, as well as its relationships with regulators and the general public. The Group cannot ensure that it will be successful in avoiding damage to its business from reputational risk. The Group's strategy is to be a bank for investors that builds and maintains customer relationships. Negative public opinion and reputational risks are likely to have a particularly adverse effect on the Group's ability to implement that strategy, which could have a material adverse effect on the Group's business, financial condition and results of operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

The Notes may have features which contain particular risks for prospective investors. Set out below are the risks relating to the most common of such features:

An optional redemption feature of Notes is likely to limit their market value. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes, thus exposing the investor to the risk that it may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the redeemed Notes.

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Prospective investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer has the right to convert the interest rate on any Notes from a fixed interest rate to a floating interest rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/floating interest rate Notes are Notes which may bear interest at a rate that converts from a fixed interest rate to a floating interest rate, or from a floating interest rate to a fixed interest rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, the Notes since the Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer. If the Issuer converts from a fixed interest rate to a floating interest rate in such

circumstances, the spread on the fixed/floating interest rate Notes may be less favourable than then prevailing spreads on comparable floating interest rate Notes tied to the same reference rate. In addition, the new floating interest rate at any time may be lower than the interest rates on other Notes. If the Issuer converts from a floating interest rate to a fixed interest rate in such circumstances, the fixed interest rate may be lower than then prevailing market rates.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as zero coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Covered Bonds

Each Cover Pool shall be separate from the other

The Finnish Cover Pool only secures the Category FIN Covered Bonds and the Swedish Cover Pool only secures the Category SWE Covered Bonds. In the bankruptcy or liquidation of the Issuer, it is possible that both Categories of Covered Bonds may have incurred losses or that only one or neither Category of Covered Bonds has incurred losses. If the proceeds from the assets in the relevant Cover Pool are not sufficient to cover the amount owed in respect of the relevant Covered Bonds, the holders of those Covered Bonds will have no priority to the assets of the other Cover Pool in respect of the shortfall.

Limited practical experience in relation to the Covered Bond Act

The Covered Bond Act came into effect on 1 August 2010. It contains several amendments to the earlier legislation governing Finnish covered bonds and their preferential rights in an issuer's liquidation or bankruptcy. The protection afforded to the holders of Covered Bonds by means of a preference on the qualifying assets is based only on the Covered Bond Act. Although the Covered Bond Act regulates mortgage banking operations, there is only limited practical experience in relation to the operation of the Covered Bond Act. For a summary of the Covered Bond Act, see "*Summary of the Finnish Legislation regarding Covered Bonds*".

No events of default in Covered Bonds

The terms and conditions of the Covered Bonds do not include any events of default relating to the Issuer and therefore the terms and conditions of the Covered Bonds do not entitle holders to accelerate the Covered Bonds. As such, it is envisaged that holders will only be paid the scheduled interest payments under the Covered Bonds as and when they fall due under the terms and conditions of the Covered Bonds.

Limited benefit of a liquidity reserve provision contained in certain covered bonds issued under the Issuer's 2013 EMTN & Covered Bond Programme

Certain covered bonds issued under the Issuer's 2013 EMTN & Covered Bond Programme which have the benefit of the Finnish Cover Pool have been issued with terms that contain a liquidity reserve provision (see "*Characteristics of the Cover Pools*"), whereby any Covered Bonds issued under this Programme which have the benefit of the Finnish Cover Pool benefit from the fact that the Finnish Cover Pool is required to be maintained in this way. Following redemption of the covered bonds issued with terms containing the liquidity reserve provision, Covered Bonds which have the benefit of the Finnish Cover Pool will no longer benefit from such liquidity reserve provision.

Covered Bonds issued under this Programme which have the benefit of the Swedish Cover Pool will not benefit from the above noted liquidity reserve provision.

In the event of a failure of a Cover Pool to meet the matching requirements, holders of the relevant Category of Covered Bonds may receive payments according to a schedule that is different from that contemplated by the terms of the relevant Category of Covered Bonds

The Issuer will be required under the Covered Bond Act to comply with certain matching requirements as long as there is any Covered Bond outstanding. Under the Covered Bond Act, if the assets in the Cover Pool do not fulfil the requirements provided for in the Covered Bond Act, the FIN-FSA may set a time limit within which the Issuer shall place more collateral in compliance with the Covered Bond Act and the conditions of the relevant Category of Covered Bonds. If these requirements are not complied with, the Issuer's license for mortgage credit bank operations may be withdrawn. If the Issuer is placed in liquidation or declared bankrupt, and the requirements for the total amount of collateral of the Covered Bonds in Sections 16 and 17 of the Covered Bond Act are not fulfilled, a supervisor appointed by the FIN-FSA may demand that the Issuer's bankruptcy administrator declare the Covered Bonds due and payable and sell the assets in the relevant Cover Pool. This could result in the holders of Covered Bonds receiving payment according to a schedule that is different from that contemplated by the terms of the Covered Bonds (with accelerations as well as delays). See "*Summary of the Finnish Legislation regarding Covered Bonds—Right of Priority in Bankruptcy or Liquidation of the Issuer*".

If any relevant claims in respect of a Category of Covered Bonds are not met out of the Cover Pool, any remaining claims will subsequently rank pari passu with the Issuer's obligations under the MTNs and other unsecured and unsubordinated obligations of the Issuer

In the event of liquidation or the bankruptcy of the Issuer, the holders of Covered Bonds (along with counterparties to related Derivative Transactions and providers of Bankruptcy Liquidity Loans registered in the relevant Cover Pool) have the benefit of priority in relation to the assets in the relevant Cover Pool. Under the Covered Bond Act, this priority is limited to (i) 70 per cent. of the value at the relevant time of the assets securing residential mortgages in the relevant Cover Pool and (ii) 60 per cent. of the value at the relevant time of the assets securing commercial mortgages in the relevant Cover Pool. If the proceeds from the assets in the relevant Cover Pool are not sufficient to discharge the relevant Covered Bonds in full, the holders of the relevant Covered Bonds will be general creditors in the Issuer's bankruptcy or liquidation with no priority as to the shortfall. In such circumstances, the holders of the relevant Covered Bonds may not be paid in full. See "*Summary of the Finnish Legislation regarding Covered Bonds—Right of Priority in Bankruptcy or Liquidation of the Issuer*".

Transfer of Covered Bonds and Cover Pools in bankruptcy

In bankruptcy, a bankruptcy administrator may, with the permission of the FIN-FSA, transfer the liability for a covered bond and the corresponding collateral to a mortgage credit bank, deposit bank or credit entity that has acquired a license to issue covered bonds or to a foreign mortgage credit bank which is subject to supervision corresponding to that of the Covered Bond Act unless the terms of the covered bond provide otherwise. See "*Summary of the Finnish Legislation regarding Covered Bonds—Right of Priority in Bankruptcy or Liquidation of the Issuer*".

No market for collateral in Finland after an insolvency of the Issuer

There is no assurance that there will be a trading market for the collateral in either Cover Pool or an eligible transferee to take over the obligations relating to the Covered Bonds and the corresponding collateral after an insolvency of the Issuer.

Liquidity post Issuer bankruptcy

It is believed that neither an insolvent issuer nor its bankruptcy estate would have the ability to issue Covered Bonds. Under the Covered Bond Act, the bankruptcy administrator (upon the demand or the consent of a supervisor appointed by the FIN-FSA) may, however, raise liquidity through the sale of mortgage loans and other assets in a Cover Pool to fulfil the obligations relating to the relevant Covered Bonds. Further, the bankruptcy administrator (upon the demand or the consent of the supervisor appointed by the FIN-FSA) may take out liquidity loans and enter into other agreements for the purpose of securing liquidity of the relevant Cover Pool. Counterparties in such transactions will rank *pari passu* with holders of the relevant Covered Bonds and existing derivative counterparties with respect to assets in the relevant Cover Pool. However, there can be no assurance as to the actual ability of the bankruptcy estate to raise post-bankruptcy liquidity, which may result in a failure by the Issuer to make full and timely payments to holders of Covered Bonds and existing derivative counterparties registered in the relevant Cover Pool.

Collection of mortgage loans and default by borrowers

The mortgage loans which secure the Covered Bonds will comprise loans secured on property. A borrower may default on its obligation under such mortgage loan. Defaults may occur for a variety of reasons, which may vary between Finland and Sweden. Defaults under mortgage loans are subject to credit, liquidity and interest rate risks and rental yield reduction (in the case of investment properties). Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climates, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors relating to borrowers' individual, personal or financial circumstances may affect the ability of the borrowers to repay the mortgage loans. Loss of earnings, illness, divorce, weakening of financial conditions or the results of business operations and other similar factors may lead to an increase in delinquencies by and bankruptcies of borrowers, and could ultimately have an adverse impact on the ability of borrowers to repay the mortgage loans. In addition, the ability of a borrower or the Issuer to sell a property given as security for a mortgage loan at a price sufficient to repay the amounts outstanding under that mortgage loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time. The registered value of a property in the Cover Pool may be higher than the price for which such property can actually be sold on any given day.

Concentration of location of properties

Mortgage loans contained in the Finnish Cover Pool will primarily be secured on property located or incorporated in the main cities in Finland. Likewise, mortgage loans contained in the Swedish Cover Pool will primarily be secured on property located or incorporated in the main cities in Sweden. In the event of a general downturn in the value of property in Finland or Sweden, as the case may be, the value of the assets in the relevant Cover Pool may decline sharply and rapidly. Any such downturn may also have an adverse effect on the Issuer's ability to make payment under the relevant Covered Bonds.

No due diligence has or will be undertaken in relation to the Cover Pools in respect of any Covered Bonds

No investigations, searches or other actions in respect of any assets contained or to be contained in the Cover Pools has or will be performed by any Dealer. Instead, they will rely on the obligations of the Issuer under applicable Finnish law.

Limited information is available to holders of Covered Bonds

Investors will not receive detailed statistics or information in relation to the mortgage loans, the location of the properties securing the mortgages or other assets included in the relevant Cover Pool and it is expected that the composition of each Cover Pool will change from time to time through the repayment of the mortgage

loans by borrowers or new mortgage loans and/or other assets being added to the relevant Cover Pool. The assets contained in each Cover Pool will change over time reflecting repayments and new credits granted and, therefore, there are no assurances that the regional diversification, risk profile or credit quality of the assets in the relevant Cover Pool will remain the same as at the date of this Base Prospectus or on or after the issue date of any Covered Bonds.

Reliance on Swap Providers

To provide a hedge against possible variances in the rates of interest receivable on the mortgage loans and other assets from time to time held by the Issuer (which may, for instance, include variable rates of interest, discounted rates of interest, fixed interest rates of interest or rates of interest which track a base rate) and the interest rate(s) under the Covered Bonds, the Issuer may from time to time enter into Swap Agreements (see “*Derivative Transactions*”).

If any swap counterparty defaults on its obligations to make payments under the relevant Swap Agreement, the Issuer will be exposed to changes in the relevant rates of interest. Unless one or more replacement Interest Rate Swap Agreements are entered into, the Issuer may not have sufficient funds to make payments under the Covered Bonds.

Extendable obligations

The applicable Final Terms may provide that an Extended Maturity Date (as defined below) applies to a Series of Covered Bonds.

If the Issuer fails to redeem the relevant Covered Bonds in full on the Maturity Date (or within two (2) Business Days thereafter) the maturity of the nominal amount outstanding of the Covered Bonds not redeemed will automatically extend up to but not later than 12 months from the Maturity Date, subject as otherwise provided for in the applicable Final Terms (the **Extended Maturity Date**). In that event, the Issuer may redeem all or part of the nominal amount outstanding of the Covered Bonds on an Interest Payment Date falling in any month after the Maturity Date, up to and including the Extended Maturity Date or as otherwise provided for in the applicable Final Terms. The Covered Bonds will also then bear interest on the nominal amount outstanding of the Notes in accordance with the applicable Final Terms.

The extension of the maturity of the nominal amount outstanding of the Covered Bonds from the Maturity Date to the Extended Maturity Date will not result in any right of the Noteholders to accelerate payments or take action against the Issuer, and no payment will be payable to the Noteholders in that event other than as set out in the conditions as completed by the applicable Final Terms. In these circumstances, failure by the Issuer to make payment in respect of the redemption amount on the Maturity Date shall not constitute a default in payment by the Issuer.

However, failure by the Issuer to pay the redemption amount or the balance thereof on the Extended Maturity Date and/or interest on such amount on any Interest Payment Date falling after the Maturity Date up to (and including) the Extended Maturity Date shall constitute a default in payment by the Issuer.

Furthermore, if the Issuer has the right to convert the interest rate on the Covered Bonds from a fixed interest rate to a floating interest rate or vice versa in relation to all amounts constituting accrued interest due and payable on each Interest Payment Date falling after the Maturity Date up to (and including) the Extended Maturity Date, then the Issuer may pay such interest pursuant to the floating interest rate or fixed interest rate (as the case may be) specified in the applicable Final Terms (see “*If the Issuer has the right to convert the interest rate on any Notes from a fixed interest rate to a floating interest rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned*”).

Where at least three (3) Business Days’ notice is not given to the holders of Covered Bonds by the Issuer of its intention to redeem all or any of the nominal amount outstanding of the Covered Bonds prior to the Maturity

Date, or as applicable, the relevant Interest Payment Date or, as applicable, the Extended Maturity Date, this will not affect the validity or effectiveness of any such redemption of the Covered Bonds or give rise to any such person having any rights in respect of any such redemption but such failure may result in a delay in payment being received by a holder of Covered Bonds through Euroclear Finland or Euroclear Sweden, as applicable, and holders of Covered Bonds shall not be entitled to further interest or any other payment in respect of such delay. Any failure to give notice to holders of Covered Bonds of any decision to extend the maturity of the Covered Bonds will also not affect the validity or effectiveness of such extension.

The value of the Notes could be adversely affected by a change in Finnish law or administrative practice

The provisions relating to coverage of the Covered Bonds pursuant to the Covered Bond Act are based on Finnish law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Finnish law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Covered Bonds affected by it.

Risks related to the Notes generally

Set out below is a description of material risks relating to the Notes generally:

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. Modifications of the conditions of the Notes and other resolutions made at the Noteholders' Meetings may not be in all Noteholders' interest.

The value of the Notes could be adversely affected by a change in law or administrative practice

The terms and conditions of the Notes are governed by Finnish law in effect as at the date of this Base Prospectus, except for the registration of Notes in Euroclear Sweden, which will be governed by Swedish law. No assurance can be given as to the impact of any possible judicial decision or change to Finnish law or Swedish law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Reliance on Euroclear Finland's and Euroclear Sweden's procedures

The Notes are issued in book-entry form in the book-entry system of Euroclear Finland or Euroclear Sweden, as specified in the applicable Final Terms. The Notes will not be evidenced by any physical note or document of title other than statements of account made by Euroclear Finland or Euroclear Sweden, as applicable, or account operators. The Notes are uncertificated and dematerialised securities and title to the Notes is recorded and transfers of the Notes are effected only through the relevant entries in the relevant book-entry system and registers maintained by Euroclear Finland or Euroclear Sweden, as applicable, and account operators. Therefore, timely and successful completion of transactions relating to the Notes, including but not limited to transfers of, and payments made under, the Notes, depend on the relevant book-entry system being operational and that the relevant parties, including but not limited to the payment transfer bank and the account operators of the holders of the Notes, are functioning when transactions are executed.

Consequently, in order to effect such entries, Noteholders must establish a book-entry account through a credit institution or a securities firm acting as an account operator with Euroclear Finland or Euroclear Sweden, as applicable.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or the secondary market may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

If an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the currency of the relevant Notes specified in the Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the currency of the relevant Notes. These include the risk that exchange rates may significantly change (including changes due to devaluation of the currency of the Notes or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the currency of the Notes would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of fixed interest rate Notes may be adversely affected by movements in market interest rates

Investment in fixed interest rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the fixed interest rate Notes, this will adversely affect the value of the fixed interest rate Notes.

Credit ratings assigned to the Issuer, a Cover Pool or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Notes, the Issuer or a Cover Pool. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by its assigning credit rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as

the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

The assets comprising the Cover Pools do not form part of the general assets of the Issuer that would be available to holders of MTNs in the case of bankruptcy or liquidation of the Issuer

In the event of a liquidation or bankruptcy of the Issuer, the holders of Covered Bonds (along with counterparties to related Derivative Transactions and providers of Bankruptcy Liquidity Loans) have the benefit of priority to the assets in the relevant Cover Pool. Holders of MTNs do not have the same benefit. In the bankruptcy or liquidation of the Issuer, holders of MTNs will therefore be subordinated in right of payment to holders of Covered Bonds and rank *pari passu* with other unsecured obligations of the Issuer in respect of the Issuer's remaining assets and may lose, in full or in part, the invested nominal amount and interest payable on such Notes.

IMPORTANT NOTICES TO PROSPECTIVE INVESTORS

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the prospective investor's currency;
- understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Cautionary statement regarding forward looking statements

Some statements in this Base Prospectus may be deemed to be forward looking statements. Forward looking statements include statements concerning the Issuer's plans, objectives, goals, strategies, future operations and performance and the assumptions underlying these forward looking statements. When used in this Base Prospectus, the words "anticipates", "estimates", "expects", "believes", "intends", "plans", "aims", "seeks", "may", "will", "should" and any similar expressions generally identify forward looking statements. These forward looking statements are contained in the sections entitled "Risk Factors" and "Description of Ålandsbanken" and other sections of this Base Prospectus. The Issuer has based these forward looking statements on the current view of its management with respect to future events and financial performance. Although the Issuer believes that the expectations, estimates and projections reflected in its forward looking statements are reasonable as of the date of this Base Prospectus, if one or more of the risks or uncertainties materialise, including those identified below or which the Issuer has otherwise identified in this Base Prospectus, or if any of the Issuer's underlying assumptions prove to be incomplete or inaccurate, the Issuer's actual results of operation may vary from those expected, estimated or predicted.

Any forward looking statements contained in this Base Prospectus speak only as at the date of this Base Prospectus. Without prejudice to any requirements under applicable laws and regulations, the Issuer expressly disclaims any obligation or undertaking to disseminate after the date of this Base Prospectus any updates or revisions to any forward looking statements contained in it to reflect any change in expectations or any change in events, conditions or circumstances on which any such forward looking statement is based.

Presentation of financial and certain other information

Unless otherwise indicated, the financial information in this Base Prospectus relating to the Issuer has been derived from (i) the audited consolidated financial statements of the Issuer for the financial years ended 31

December 2015 (the **2015 Financial Statements**) and 31 December 2016 (the **2016 Financial Statements**) and (ii) the unaudited reviewed consolidated financial statements of the Issuer for the six month period ended 30 June 2017 (the **Interim Financial Statements** and, together with the 2015 Financial Statements and the 2016 Financial Statements, the **Financial Statements**). The Issuer's financial year ends on 31 December, and references in this Base Prospectus to any specific year are to the 12-month period ended on 31 December of such year. The Financial Statements have been prepared in accordance with International Financial Reporting Standards (*IFRS*) as adopted by the European Union.

OVERVIEW OF THE PROGRAMME

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms.

This overview constitutes a general description of the Programme for the purposes of Article 22.5(3) of the Prospectus Regulation implementing the Prospectus Directive.

Issuer:	Ålandsbanken Abp
Risk Factors:	There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and risks relating to the structure of a particular Series of Notes (including certain risks specific to Covered Bonds) issued under the Programme, certain market risks and risks relating to the illiquidity of the Notes. All of these are set out under " <i>Risk Factors</i> ".
Description:	MTN and Covered Bond Programme
Arranger:	Ålandsbanken Abp
Dealers:	Specified in the applicable Final Terms.
Issuer and Paying Agent:	Specified in the applicable Final Terms.
Programme size:	Up to EUR 2,000,000,000. The Issuer may increase the maximum amount.
Distribution:	Notes may be distributed outside the United States to, or for the account or benefit of, persons other than U.S. Persons (as such term is defined in Regulation S under the Securities Act) by way of private or public placement and in each case on a syndicated or non-syndicated basis.
Currencies:	EUR or SEK.
Term of the Notes:	A minimum of one year.
Extendible obligation:	An Extended Maturity Date may apply to a Series of Covered Bonds, as specified in the applicable Final Terms.
Issue price:	Notes may be issued at an issue price which is fixed or floating, as specified in the applicable Final Terms.
Form of Notes:	The Notes will be issued in book-entry form in the book-entry system of Euroclear Finland or Euroclear Sweden, as specified in the applicable Final Terms.

Interest:	The Notes may be issued as fixed interest rate, floating interest rate or zero coupon Notes, or a combination of any of the foregoing. Zero coupon Notes will be offered and sold at a discount, at par or premium to their nominal amount and will not bear interest.
Categories of Covered Bonds:	<p>Covered Bonds that are secured by the Finnish Cover Pool shall be specified as Category FIN Covered Bonds in the applicable Final Terms.</p> <p>Covered Bonds that are secured by the Swedish Cover Pool shall be specified as Category SWE Covered Bonds in the applicable Final Terms.</p>
Liquidity reserve	<p>The terms of the Covered Bonds do not contain a liquidity reserve provision.</p> <p>However, certain covered bonds issued under the 2013 EMTN & Covered Bond Programme (as defined in “<i>Information Incorporated by Reference</i>”) which have the benefit of the Finnish Cover Pool (including covered bonds issued subject to the 2013 Conditions (as defined in “<i>Information Incorporated by Reference</i>”) have been issued with terms that contain a liquidity reserve provision. Pursuant to this liquidity reserve provision, the Issuer is required to ensure that (i) the recorded value of all Public Sector Debt and Supplemental Assets in the Finnish Cover Pool does not fall below a certain level so long as such covered bonds are outstanding and (ii) in the event that there have been prepayments of principal in respect of the Mortgages in the Finnish Cover Pool which exceed a certain level that the Issuer shall add to the Finnish Cover Pool an amount of Public-Sector Debt and/or Supplemental Assets equal to the amount of such prepayments.</p> <p>Accordingly, any Covered Bonds issued under this Programme which have the benefit of the Finnish Cover Pool will benefit from the fact that the Finnish Cover Pool is required to be maintained in this way (for so long as the covered bonds issued pursuant to the 2013 EMTN & Covered Bond Programme are outstanding) notwithstanding that the liquidity reserve provisions do not apply to such Covered Bonds.</p> <p>Covered Bonds issued under this Programme which have the benefit of the Swedish Cover Pool will not benefit from the above noted liquidity reserve provision that applies to certain Covered Bonds issued under the 2013 EMTN & Covered Bond Programme which have the benefit of the Finnish Cover Pool.</p>
Redemption:	The applicable Final Terms will indicate either that the relevant Notes cannot be redeemed prior to their stated

maturity (other than for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer upon giving not less than 30 days' nor more than 60 days' notice to the Noteholders, prior to such stated maturity. The redemption amount will be specified in the applicable Final Terms.

Denomination of Notes:

The minimum denomination of each Note will be EUR 100,000 (or, if the Notes are denominated in SEK, the equivalent amount in SEK).

Taxation:

All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction as provided in Condition 12. In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 12, be required to pay additional amounts to cover the amounts so deducted.

Negative pledge:

None.

Cross default:

The terms of the MTNs (but not the Covered Bonds) will contain a cross default provision as further described in Condition 10.

Status of the MTNs:

The MTNs will constitute direct, unconditional, unsubordinated, unsecured and unguaranteed obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by mandatory law) equally with all other unconditional, unsubordinated, unsecured and unguaranteed obligations of the Issuer, from time to time outstanding.

Status of the Covered Bonds:

Covered Bonds will be issued in accordance with the Covered Bond Act. The Covered Bonds will be covered in accordance with the Covered Bond Act and will therefore benefit from the Finnish Cover Pool (in the case of Category FIN Covered Bonds) or the Swedish Cover Pool (in the case of Category SWE Covered Bonds). To the extent that claims of holders in relation to Covered Bonds are not met out of the relevant Cover Pool, the residual claims of such holders will rank *pari passu* with the unsecured and unsubordinated obligations of the Issuer including but not limited to the obligations under the MTNs. The Covered Bond Act seeks to protect holders of Covered Bonds by requiring the outstanding nominal amount and net present value of the Covered Bonds to be covered at all times by a matching Cover Pool. This is achieved by Section 16 of the Covered Bond Act which provides that (a) the total value of the relevant Cover Pool must always exceed the aggregate outstanding nominal amount of the relevant Covered Bonds and (b) the net present value of the relevant Cover

Pool must always be at least two (2) per cent. above the net present value of the liabilities under the relevant Covered Bonds. See “*Summary of the Finnish Legislation regarding Covered Bonds*”.

Authorisation:

The Programme and the issue of Notes have been duly authorised by a resolution of the Board of Directors of the Issuer dated 26 September 2017.

Rating:

As at the date of this Base Prospectus, the Issuer has been assigned a long-term credit rating of BBB by S&P.

There is no guarantee that the rating of the Issuer assigned by S&P will be maintained following the date of this Base Prospectus, and the Issuer may seek to obtain ratings from other credit rating agencies.

If a Series of Notes to be issued under the Programme is to be rated, the rating will be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to the relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning credit rating agency.

Listing:

The Notes may be applied for listing on the Helsinki Stock Exchange. Unlisted Notes can also be issued.

Governing law:

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, Finnish law, except for the registration of Notes in Euroclear Sweden, which shall be governed by, and construed in accordance with, Swedish law.

Selling restrictions:

There are restrictions on the offer, sale and transfer of the Notes, see “*Selling Restrictions*”.

OVERVIEW OF ISSUER'S COVER POOLS

Covered Bonds issued under the Programme will have the benefit of one of two separate pools of qualifying assets that have been established by the Issuer in accordance with the Covered Bond Act, as follows:

- the Finnish cover pool (the **Finnish Cover Pool**), which was established in September 2012 and which comprises primarily of residential mortgages granted to debtors in Finland. Covered Bonds that are secured by the Finnish Cover Pool shall be specified as Category FIN Covered Bonds in the applicable Final Terms (the **Category FIN Covered Bonds**); and
- the Swedish cover pool (the **Swedish Cover Pool** and, together with the Finnish Cover Pool, the **Cover Pools**) that comprises primarily of residential mortgages granted to debtors in Sweden. Covered Bonds that are secured by the Swedish Cover Pool shall be specified as Category SWE Covered Bonds in the applicable Final Terms (the **Category SWE Covered Bonds** and, together with the Category FIN Covered Bonds, each a **Category of Covered Bonds**).

The Issuer will maintain a separate register for each of the Cover Pools in accordance with the Covered Bond Act. Each Cover Pool shall be separate from the other and, accordingly, Category FIN Covered Bonds shall only be secured by the Finnish Cover Pool and Category SWE Covered Bonds shall only be secured by the Swedish Cover Pool.

FORM OF FINAL TERMS

ÅLANDSBANKEN ABP

**Issue of [] []
under the EUR 2,000,000,000
Medium Term Note and Covered Bond Programme**

PROHIBITION OF SALES TO EEA RETAIL INVESTORS: Notes[, from 1st January, 2018,] are not intended to be offered, sold or otherwise made available to and [, with effect from such date,] should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the **EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) (**MiFID II**); (ii) a customer within the meaning of the Insurance Mediation Directive (Directive 2002/92/EC (as amended)), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended) (the **Prospectus Directive**). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus dated [] 2017 [and the supplement[s] to it dated [] [and []] which [together] constitute[s] a base prospectus for the purposes of the Prospectus Directive (the **Base Prospectus**), including but not limited to, the General Terms and Conditions of the Notes (the **Conditions**) set forth in the Base Prospectus. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. Terms used herein shall be deemed to be defined as such for the purposes of the Conditions.

The Base Prospectus [and the supplement[s] to it dated [] [and []] and the Final Terms are available at the website of the Issuer at [<https://www.alandsbanken.com/about-us/financial-information/debt-programme>] and upon request from the Issuer or at the subscription places specified herein.

ÅLANDSBANKEN ABP

GENERAL TERMS AND CONDITIONS OF THE NOTES

The following General Terms and Conditions (the **Conditions**) of the Programme must be read in their entirety together with the applicable Final Terms for the relevant Notes.

Words and expressions defined in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated.

The term Noteholder refers to a holder of MTNs or Covered Bonds.

1. FORM, DENOMINATION AND ISSUANCE

The Notes are issued by Ålandsbanken Abp (the **Issuer**) pursuant to the Programme.

The Notes are issued in a series (each a **Series**) of either medium term notes (**MTNs**) or covered bonds (Fi. *katetut joukkolainat*) (**Covered Bonds**) under the Finnish Act on Mortgage Credit Bank Operations (*Laki kiinnitysluottopankkitoiminnasta* 688/2010) (the **Covered Bond Act**), as specified in the applicable Final Terms. Each Series of Notes may comprise one or more tranches (each a **Tranche**) of Notes.

The denomination of each book-entry unit (Fi. *arvo-osuuden yksikkökoko*) relating to the Notes shall be at least EUR 100,000 (or, if the Notes are denominated in SEK, the equivalent amount in SEK). All Notes of the same Series shall have the same denomination. The minimum subscription amount shall be specified in the applicable Final Terms and shall be at least EUR 100,000 (or, if the Notes are denominated in SEK, the equivalent amount in SEK).

The Notes shall be offered for subscription mainly to institutional investors.

The Notes will be issued in uncertificated and dematerialised form in:

- (a) the Infinity book-entry system (Fi. *arvo-osuusjärjestelmä*) of Euroclear Finland Ltd (**Euroclear Finland**), incorporated in Finland with registration number 1061446-0 and having its registered address at Urho Kekkosen katu 5 C, FI-00100 Helsinki, Finland, in accordance with Finnish legislation governing the book-entry system, clearing operations and book-entry accounts as well as the Euroclear Rules; or
- (b) the register (Sw. *avstämningsregister*) held by Euroclear Sweden AB (**Euroclear Sweden**), incorporated in Sweden with registration number 556112-8074 and having its registered address at Klarabergsviadukten 63, P.O. Box 191, SE-101 23 Stockholm, Sweden, formed in accordance with the Swedish Financial Instruments Accounts Act 1998 (Sw. *lag* (1998:1479) *om värdepapperscentraler och kontoföring av finansiella instrument*), other applicable Swedish legislation and the Euroclear Rules,

as specified in the applicable Final Terms.

The registrar in respect of the Notes will be Euroclear Finland or Euroclear Sweden, as specified in the applicable Final Terms.

The Issuer may appoint an issuer agent (Fi. *liikkeeseenlaskijan asiamies*; Sw. *emissionsinstitut*) (the **Issuer Agent**) referred to in the Euroclear Rules and applicable laws, a paying agent (the **Paying Agent**) for a Series of Notes or the Issuer may act as the Issuer Agent and/or Paying Agent, in each case as specified in the applicable Final Terms. The Issuer may appoint one or more dealers (the **Dealers**) for a Series of Notes or Tranche of Notes as specified in the applicable Final Terms. The Issuer may appoint a calculation agent (the **Calculation Agent**) for a Series of Notes or Tranche of

Notes or the Issuer may act as the Calculation Agent, in each case as specified in the applicable Final Terms.

For the purposes of the Conditions, the **Euroclear Rules** means regulations, decisions and operating procedures applicable to and/or issued by Euroclear Finland or Euroclear Sweden, as applicable.

2. STATUS AND SECURITY

2.1 Medium term notes (MTNs)

If the Notes are issued as MTNs as specified in the applicable Final Terms, the Notes constitute direct, unconditional, unsubordinated, unsecured and unguaranteed obligations of the Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by mandatory law) equally with all other unconditional, unsubordinated, unsecured and unguaranteed obligations of the Issuer, from time to time outstanding.

2.2 Covered Bonds

If the Notes are issued as Covered Bonds as specified in the applicable Final Terms, the Notes are obligations issued in accordance with the Covered Bond Act. The applicable Final Terms will indicate whether the Covered Bonds are Category FIN Covered Bonds or Category SWE Covered Bonds.

(a) Category FIN Covered Bonds

(i) Ranking

The Category FIN Covered Bonds rank *pari passu* among themselves and with Derivative Transactions and Bankruptcy Liquidity Loans in respect of the statutory right of preference to assets registered in the Finnish Cover Pool in accordance with the Covered Bond Act. The Category FIN Covered Bonds shall not have a statutory right of preference to the assets registered in the Swedish Cover Pool.

(ii) Finnish Cover Pool asset cashflow

For so long as the Category FIN Covered Bonds are outstanding,

- (A) where Public-Sector Debt and/or Supplemental Assets are included in the Finnish Cover Pool, the Issuer shall ensure that the debtors in respect of such Public-Sector Debt and Supplemental Assets make all payments of principal and/or interest to which the Issuer is entitled in respect of its holding of such Public-Sector Debt and/or Supplemental Assets to a bank account designated by the Issuer which must be held with an Eligible Bank;
- (B) as soon as practicable after the occurrence of a Payment Default, the Issuer shall instruct the debtors in respect of Mortgages in the Finnish Cover Pool to make all payments of principal and/or interest to which the Issuer is entitled in respect of such Mortgages to a bank account designated by the Issuer which must be held with an Eligible Bank.

If a bank or credit institution to which debtors have been instructed to make payments in accordance with this Condition 2.2(a)(ii) ceases to be an Eligible Bank, then the Issuer shall ensure that, for purposes of this Condition 2.2(a)(ii), such bank or credit institution is replaced with an Eligible Bank as soon as reasonably practicable, and in any event not later than 60

calendar days, after the date when such bank or credit institution ceased to be an Eligible Bank.

(b) Category SWE Covered Bonds

(i) Ranking

The Category SWE Covered Bonds rank *pari passu* among themselves and with Derivative Transactions and Bankruptcy Liquidity Loans in respect of the statutory right of preference to assets registered in the Swedish Cover Pool in accordance with the Covered Bond Act. The Category SWE Covered Bonds shall not have a statutory right of preference to the assets registered in the Finnish Cover Pool.

(ii) Swedish Cover Pool asset cashflow

For so long as the Category SWE Covered Bonds are outstanding,

- (A) where Public-Sector Debt and/or Supplemental Assets are included in the Swedish Cover Pool, the Issuer shall ensure that the debtors in respect of such Public-Sector Debt and Supplemental Assets make all payments of principal and/or interest to which the Issuer is entitled in respect of its holding of such Public-Sector Debt and/or Supplemental Assets to a bank account designated by the Issuer which must be held with an Eligible Bank;
- (B) as soon as practicable after the occurrence of a Payment Default, the Issuer shall instruct the debtors in respect of Mortgages in the Swedish Cover Pool to make all payments of principal and/or interest to which the Issuer is entitled in respect of such Mortgages to a bank account designated by the Issuer which must be held with an Eligible Bank.

If a bank or credit institution to which debtors have been instructed to make payments in accordance with this Condition 2.2(b)(ii) ceases to be an Eligible Bank, then the Issuer shall ensure that, for purposes of this Condition 2.2(b)(ii), such bank or credit institution is replaced with an Eligible Bank as soon as reasonably practicable, and in any event not later than 60 calendar days, after the date when such bank or credit institution ceased to be an Eligible Bank.

For the purposes of the Conditions:

Bankruptcy Liquidity Loans means loans made by the bankruptcy administrator of the Issuer to secure liquidity or take out liquidity credit in accordance with Section 26 of the Covered Bond Act and recorded in the relevant register of the relevant covered bonds;

Derivative Transactions means derivative transactions entered into by the Issuer to hedge against risks relating to the Notes or the underlying assets in the relevant cover pool and recorded in the relevant register of the relevant covered bonds;

Eligible Bank means (a) the Bank of Finland provided that the long-term credit rating assigned by Standard & Poor's to the Republic of Finland is at least "AA" or (b) a bank or credit institution which has a long-term credit rating assigned by Standard & Poor's of at least "A" or, if such bank or credit institution (or its debt securities) are not rated by Standard & Poor's, such bank or credit institution shall be deemed to be an Eligible Bank if Standard & Poor's confirms to the Issuer in writing, with a copy to the Paying Agent, that the use of such bank or credit institution for the purpose stated in this Condition 2 does not adversely impact the then current Standard & Poor's rating of the Notes;

Finnish Cover Pool means the cover pool maintained by the Issuer in accordance with the Covered Bond Act and this Condition 2 and that secures the Category FIN Covered Bonds;

Mortgage shall mean commercial mortgages (Fi. *liikekiinteistöluotto*) and residential mortgages (in Finnish: *asuntoluotto*), each as defined in the Covered Bond Act;

Payment Default means a default by the Issuer in the payment of any principal or interest due in respect of any of its material Indebtedness where the default continues for a period of five (5) days in the case of principal and three (3) days in the case of interest;

Public-Sector Debt means public sector debt (Fi. *julkisyhteisöluotto*) as defined in the Covered Bond Act;

Supplemental Assets means supplemental assets (Fi. *täytevakuus*) within the meaning of Section 15 of the Covered Bond Act; and

Swedish Cover Pool means the cover pool maintained by the Issuer in accordance with the Covered Bond Act and this Condition 2 and that secures the Category SWE Covered Bonds.

3. NOMINAL AMOUNT AND CURRENCY

The aggregate nominal amount of Notes issued and outstanding under the Programme at any time can be a maximum of EUR 2,000,000,000. The Issuer may raise or lower the aggregate nominal amount.

The nominal amount and currency of a Series of Notes and each Tranche of Notes shall be specified in the applicable Final Terms. The Issuer may increase or decrease such nominal amount during the relevant subscription period.

Each Series of Notes will be numbered in numerical order. Each Tranche of Notes under a Series of Notes will be numbered in numerical order.

4. INTEREST

4.1 General

The Notes may be issued as fixed interest rate, floating interest rate or zero coupon Notes, or a combination of any of the foregoing, as specified in the applicable Final Terms.

4.2 Zero coupon

Zero coupon Notes will be offered and sold at a discount, at par or premium to their nominal amount and, subject to Condition 4.1, will not bear interest. The yield (which may be negative) of zero coupon Notes will be the difference between the redemption amount and the issue price. The redemption amount of a zero coupon Note is the nominal amount that the Issuer shall repay to the holder of a zero coupon Note in accordance with Condition 5.2.

4.3 Fixed interest rate

Each Note to which a fixed rate of interest is applicable pursuant to the applicable Final Terms, bears interest at the rate per annum specified in the applicable Final Terms.

4.4 Floating interest rate

(a) Rate of interest

Each Note to which a floating rate of interest is applicable pursuant to the applicable Final Terms, bears interest at the rate per annum, consisting of a floating reference rate and a margin, each specified in the applicable Final Terms. The margin will be added to the reference rate.

The floating reference rate shall be EURIBOR where the issue has been made in EUR and STIBOR where the issue has been made in SEK.

EURIBOR is the rate for deposits in EUR and STIBOR is the rate for deposits in SEK, in each case, for a period corresponding to the Interest Period (as defined below) of the relevant Series of Notes quoted on the relevant Reuters page (or such replacement page on a service which displays the information) at or about 11.00 a.m. (Brussels time in relation to EURIBOR and Stockholm time in relation to STIBOR) two (2) Business Days prior to the commencement of the Interest Period. If the Interest Period does not correspond to any period of times shown on the relevant Reuters page (or such replacement page on a service which displays the information) for EUR or SEK, as applicable, the rate of interest for such Interest Period shall be interpolated on a linear basis from the rates of interest of the two (2) periods between which the relevant Interest Period falls.

If EURIBOR or STIBOR, as applicable, or a replacement quotation is not available, a reference rate of the nearest comparable maturity, as determined by the Issuer and relevant Dealer(s), as applicable, on the basis of the level of interest rates prevailing in Finland or Sweden, as applicable, shall be used.

(b) Minimum rate of interest and/or maximum rate of interest

A minimum rate and/or a maximum rate of interest may be specified in the applicable Final Terms.

4.5 Interest period

Interest period (the **Interest Period**) means each period of time, for which the interest is calculated.

The first Interest Period shall begin on the Issue Date or on any other date as specified in the applicable Final Terms and end on the following Interest Payment Date specified in the applicable Final Terms. Each following Interest Period begins on the previous Interest Payment Date and ends on the following Interest Payment Date.

With respect to Notes registered with Euroclear Finland, interest shall accrue for each Interest Period from (and including) the first day of the Interest Period to (but excluding) the last day of such Interest Period on the nominal amount of the Notes outstanding from time to time. With respect to Notes registered with Euroclear Sweden, Interest shall accrue for each Interest Period from (but excluding) the first day of the Interest Period to (and including) the last day of such Interest Period on the nominal amount of the Notes outstanding from time to time.

The last Interest Period ends on the Maturity Date (or if applicable, the Extended Maturity Date).

4.6 Market conventions

(a) Day count fractions

Day Count Fractions of a Series of Notes shall be specified in the applicable Final Terms and means:

- (i) if “**Actual/Actual (ICMA)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by the number received when multiplying the actual number of days in the Interest Period with the number of Interest Periods within a year (subject to exceptions in relation to irregular Interest Periods);
- (ii) if “**Actual/Actual (ISDA)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (iii) if “**Actual/365**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iv) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “**30E/360**” is specified in the applicable Final Terms, a year consists of 12 months of 30 days each (except in case where the last day of the last Interest Period is the last day of February, February shall not be deemed to be a 30-day month) divided by 360; or
- (vi) if “**30/360**” is specified in the applicable Final Terms, a year consists of 12 months of 30 days each.

(b) Business day convention

The Business Day Convention shall be specified in the applicable Final Terms and (i) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (ii) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) the “**Following Business Day Convention**”, such Interest Payment Date shall be postponed to the next day which is a Business Day;
- (B) the “**Modified Following Business Day Convention**”, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (C) the “**Preceding Business Day Convention**”, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

For the purposes of the Conditions, **Business Day** means a day on which commercial banks and foreign exchange markets settle payments and are open for general business in Helsinki or Stockholm, as applicable, and (in relation to payments in EUR), the Trans-European Automated Real-Time Gross Settlement Express (TARGET 2) System is open.

4.7 **Payment of interest**

Interest shall be paid on the dates (each an **Interest Payment Date**) specified in the applicable Final Terms in each year up to (and including) the Maturity Date (or if applicable, the Extended Maturity Date).

Payment of interest shall be made in accordance with Finnish or Swedish legislation, as applicable, governing the book-entry system, clearing operations and book-entry accounts as well as the Euroclear Rules, to the Noteholder that is entitled to receive such payment according to the book-entry account information.

5. **MATURITY AND REDEMPTION**

5.1 **Term of the Notes**

The term of the Notes is at least one (1) year from the Issue Date.

5.2 **Redemption at maturity**

Each Note will be redeemed by the Issuer on the maturity date (the **Maturity Date**) (or if applicable, the Extended Maturity Date) specified in the applicable Final Terms. The redemption amount shall be specified in the applicable Final Terms. The applicable Final Terms may specify that the redemption amount shall be paid in instalments, in which case the final instalment shall be paid on the Maturity Date (or if applicable, the Extended Maturity Date).

Payment of the redemption amount will be made in accordance with Finnish or Swedish legislation, as applicable, governing the book-entry system, clearing operations and book-entry accounts as well as the Euroclear Rules, to the Noteholder that is entitled to receive such payment according to the book-entry account information.

5.3 **Redemption for tax reasons**

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a floating interest rate Note) or on any Interest Payment Date (if this Note is a floating interest rate Note) at their nominal amount or a higher amount (the **Early Redemption Amount**), as specified in the applicable Final Terms, with interest accrued to (but excluding) the date of redemption, having given not less than 30 days' notice to the Noteholders in accordance with Condition 11, if:

- (a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 12) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts in relation to a payment in respect of the Notes then due.

5.4 Redemption at the option of the Issuer

If Redemption at the option of the Issuer (**Issuer Call**) is specified as applying to a Series of Notes in the applicable Final Terms, the Issuer may, having given not less than 30 days' nor more than 60 days' notice to the Noteholders in accordance with Condition 11 (which notice shall specify the date fixed for redemption (the **Early Redemption Date**)), redeem all or some only of the Notes then outstanding on the Early Redemption Date. The early redemption amount shall be specified in the applicable Final Terms and shall be paid together with, if applicable, interest accrued to (but excluding) the relevant Early Redemption Date.

Payment of the early redemption amount will be made in accordance with Finnish or Swedish legislation, as applicable, governing the book-entry system, clearing operations and book-entry accounts as well as the Euroclear Rules, to the Noteholder that is entitled to receive such payment according to the book-entry account information.

No interest shall accrue on the nominal amount of the redeemed portion of the Notes after the Early Redemption Date.

5.5 Extension of Maturity up to Extended Maturity Date

An Extended Maturity Date may be specified in the applicable Final Terms as applying to a Series of Covered Bonds and may be up to one (1) year from the Maturity Date.

If "Extended Maturity" is specified as applicable in the applicable Final Terms and the Issuer does not redeem all of the Covered Bonds in full on the Maturity Date or within two (2) Business Days thereafter, the maturity of the Covered Bonds and the date on which the Covered Bonds will be due and repayable for the purposes of the Conditions will be automatically extended up to but no later than the Extended Maturity Date, subject as otherwise provided in the applicable Final Terms. In that event, the Issuer may redeem all or any part of the nominal amount outstanding of the Covered Bonds on an Interest Payment Date falling in any month after the Maturity Date up to and including the Extended Maturity Date or as otherwise provided in the applicable Final Terms.

The Issuer shall give notice to the Issuer Agent and the Noteholders (in accordance with Condition 11) of (a) any decision to so extend the maturity of the Covered Bonds, in whole or in part, as soon as practicable after any such decision is made and (b) its intention to redeem all or any of the nominal amount outstanding of the Covered Bonds in full at least three (3) Business Days prior to (i) the Maturity Date, where practicable for the Issuer to do so and otherwise as soon as practicable after the relevant decision to redeem the Covered Bonds (if any) is made or, as applicable (ii) the relevant Interest Payment Date or, as applicable (iii) the Extended Maturity Date.

Any failure by the Issuer to so notify the Noteholders shall not affect the validity or effectiveness of any such extension of the maturity of the Covered Bonds or, as applicable, redemption by the Issuer on the Maturity Date or, as applicable, the relevant Interest Payment Date or, as applicable, the Extended Maturity Date or give rise to any Noteholder having any rights in respect of any such redemption but such failure may result in a delay in payment being received by a Noteholder through Euroclear Finland or Euroclear Sweden, as applicable, (including on the Maturity Date where at least three (3) Business Days' notice of such redemption is not given to the Noteholders (in accordance with Condition 11)) and Noteholders shall not be entitled to further interest or any other payment in respect of such delay.

In the case of Covered Bonds which are zero coupon notes up to (and including) the Maturity Date and for which an Extended Maturity Date is specified in the applicable Final Terms, for the purposes of this Condition 5.5, the nominal amount outstanding shall be the total amount otherwise payable by

the Issuer on the Maturity Date less any payments made by the Issuer in respect of such amount in accordance with the Conditions.

Any extension of the maturity of the Covered Bonds under this Condition 5.5 shall be irrevocable. Where this Condition 5.5 applies, any failure to redeem the Covered Bonds on the Maturity Date or any extension of the maturity of the Covered Bonds under this Condition 5.5 shall not constitute an event of default for any purpose or give any Noteholder any right to receive any payment of interest, principal or otherwise on the relevant Covered Bonds other than as expressly set out in the Conditions.

In the event of the extension of the maturity of the Covered Bonds under this Condition 5.5, interest rates and Interest Payment Dates on the Covered Bonds from (and including) the Maturity Date to (but excluding) the Extended Maturity Date shall be determined in accordance with the applicable Final Terms.

If the Issuer redeems part and not all of the nominal amount outstanding of the Covered Bonds on an Interest Payment Date falling in any month after the Maturity Date, the redemption proceeds shall be applied rateably across the Covered Bonds and the nominal amount outstanding on the Covered Bonds shall be reduced by the level of that redemption.

If the maturity of the Covered Bonds is extended up to the Extended Maturity Date in accordance with this Condition 5.5, subject as otherwise provided in the applicable Final Terms, for so long as any of the Covered Bonds remains outstanding, the Issuer shall not issue any further Covered Bonds, unless the proceeds of issue of such further Covered Bonds are applied by the Issuer on issue in redeeming in whole or in part the relevant Covered Bonds the maturity of which has been extended in accordance with this Condition 5.5.

This Condition 5.5 shall only apply to Covered Bonds for which “Extended Maturity” is specified as applicable in the applicable Final Terms and if the Issuer fails to redeem those Covered Bonds in full on the Maturity Date (or within two (2) Business Days thereafter).

5.6 Purchases

The Issuer or any subsidiary of the Issuer may at any time purchase Notes at any price in the open market or otherwise. Such Notes may be held, reissued, resold or cancelled at the Issuer’s discretion.

6. SUBSCRIPTION OF THE NOTES

6.1 Method of subscription and payment

Each Series of Notes is offered for subscription at the subscription places during the subscription period, each specified in the applicable Final Terms. The Issuer may shorten or lengthen the subscription period.

The subscription amount equals the nominal amount of the Notes being subscribed for multiplied by the issue price, each specified in the applicable Final Terms. When subscription takes place after the Issue Date, accrued interest (if any) for the subscribed Notes in accordance with the applicable Final Terms for the period between the Issue Date and date when payment in respect of the Notes subscribed for is effected, must also be paid.

When subscription takes place on a day other than an Interest Payment Date, but following the first Interest Payment Date, accrued interest (if any) for the subscribed Notes in accordance with the applicable Final Terms for the period between the commencement of the current Interest Period and date when payment in respect of the Notes subscribed for is effected, must also be paid.

Payment in respect of Notes subscribed for shall be effected as instructed in connection with the subscription or at the time of the subscription, as specified in the applicable Final Terms.

The Issuer shall accept the subscriptions and may, at its sole discretion, reject a subscription in part or in whole. Approved subscriptions are confirmed after the relevant subscription period has ended.

The Issuer will not charge the subscriber for costs relating to the issue or offering of the Notes. The Dealer(s) and potential other subscription places may charge such costs pursuant to the agreement between the relevant subscriber and Dealer or potential other subscription place. Such costs (if any) will be specified in the applicable Final Terms.

6.2 Oversubscription and undersubscription

In the event of oversubscription or undersubscription, as applicable, in relation to a Series of Notes, the Issuer is entitled to increase or decrease the nominal amount of the relevant Series of Notes during the subscription period, discontinue the subscription or cancel the issue of such Series of Notes. The applicable Final Terms may specify that the issue of a certain Series of Notes requires a specified minimum amount of subscriptions or fulfilment of other conditions.

If the issue is cancelled or the subscriptions are decreased due to oversubscription, the Issuer shall refund the price paid to the account notified by the relevant subscriber within five (5) Business Days from the date of the decision concerning the cancellation or decrease.

6.3 Issue price

Notes may be issued at an issue price which is fixed or floating, as specified in the applicable Final Terms. If the issue price is floating, the Issuer will determine the issue price on a daily basis throughout the subscription period subject to a maximum issue price specified in the applicable Final Terms.

6.4 Cancellation of subscription and interruption of the subscription period in certain circumstances

If the Issuer, during the subscription period of the Notes, or before the Notes have been admitted for public trading, supplements the Base Prospectus due to an error or deficiency contained therein or due to material new information arising after the approval of the Base Prospectus or publishes an updated Base Prospectus during the above-mentioned period, a subscriber, who has made a subscription before the publication of the supplement or the updated Base Prospectus, is entitled to cancel the subscription pursuant to Chapter 4, Section 14 of the Finnish Securities Markets Act (*Arvopaperimarkkinalaki* 746/2012) (as amended) within two (2) Business Days from the publication of the supplement or updated Base Prospectus. However, the cancellation right only exists if the error, deficiency or material new information arose or was noted before the delivery of the Notes to the subscribers in accordance with Condition 7.

The supplemented or updated Base Prospectus and information on the time limit and procedure for cancellation will be available at the subscription places specified in the applicable Final Terms and on the Issuer's website at <https://www.alandsbanken.com/about-us/financial-information/debt-programme>.

The Issuer is entitled to interrupt a subscription period immediately if the Base Prospectus needs to be supplemented. Such discontinuance will be announced at the subscription places and on the Issuer's website at <https://www.alandsbanken.com/about-us/financial-information/debt-programme>.

7. DELIVERY OF NOTES

Notes subscribed and paid for shall be entered to the respective book-entry accounts of the subscribers on a date set out in the applicable Final Terms in accordance with Finnish or Swedish legislation, as applicable, governing the book-entry system, clearing operations and book-entry accounts as well as the Euroclear Rules.

Each Note is freely transferable after it has been registered into the respective book-entry account.

8. FORCE MAJEURE

The Issuer, the Issuer Agent, the Paying Agent, the Calculation Agent, any Dealer, subscription place or account operator shall not be responsible for any loss arising from:

- (a) an act of an authority, war or threat of war, revolt, civil disturbance, or any act of terror;
- (b) disturbance in postal or telephone traffic, electronic communication, or supply of electricity that is beyond the control of, and that has an essential impact on, the operations of the Issuer, the Issuer Agent, the Paying Agent, the Calculation Agent, any Dealer, subscription place or account operator;
- (c) interruption or delay of action or measure of the Issuer, the Issuer Agent, the Paying Agent, the Calculation Agent, any Dealer, subscription place or account operator that is caused by fire or equivalent accident;
- (d) strike or other industrial action which has an essential impact to the operations of the Issuer, the Issuer Agent, the Paying Agent, the Calculation Agent, any Dealer, subscription place or account operator, even when it only affects part of the personnel of the aforementioned entities and irrespective of whether the aforementioned entities are involved in it or not;
- (e) an act of God (such as, but not limited to, fires, explosions, earthquakes, drought, tidal waves and floods); or
- (f) other equivalent force majeure or any similar reason that causes unreasonable difficulty for the operations of the Issuer, the Issuer Agent, the Paying Agent, the Calculation Agent, any Dealer, subscription place or account operator.

9. PRESCRIPTION

In case any payment under the Notes has not been claimed by the relevant Noteholder entitled to such payment within three (3) years from the original due date thereof, the right to such payment shall become forfeited by the relevant Noteholder and the Issuer shall be permanently free from such payment.

10. EVENTS OF DEFAULT

This Condition 10 only applies to Notes which are specified as MTNs in the applicable Final Terms and not to Notes which are specified as Covered Bonds in the applicable Final Terms.

If any one or more of the following events (each an **Event of Default**) shall occur and be continuing with respect to any Note any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof, declare any Note held by it to be due and payable at the earliest on the tenth (10th) day from the date such notice was presented, provided that an Event of Default is continuing on the

date of receipt of the notice and on the early maturity date specified in such notice. An Event of Default is **continuing** if it has not been remedied or waived.

- (a) **Non-payment:** Any amount of principal or interest due in respect of Notes has not been paid within seven (7) Business Days from the relevant due date, unless the failure to pay is caused by administrative or technical error.
- (b) **Breach of other obligations:** The Issuer fails to perform or observe any of its other obligations under the Conditions and (except in any case where the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by a Noteholder on the Issuer of notice requiring the same to be remedied.
- (c) **Cross default:** (i) Any Indebtedness of the Issuer is declared due or repayable prematurely by reason of an event of default (howsoever described); (ii) the Issuer fails to make any payment in respect of Indebtedness on the relevant due date, as extended by any originally applicable grace period; (iii) any security given by the Issuer in respect of Indebtedness becomes enforceable; (iv) the Issuer defaults in making any payment on the relevant due date, as extended by any originally applicable grace period, under any guarantee in relation to Indebtedness.

No Event of Default will occur under this sub-condition (c) if the aggregate amount of such Indebtedness or other liability is less than EUR 10,000,000 or its equivalent in any other currency.

A Noteholder shall not be entitled to demand repayment under this sub-condition (c) if the Issuer has bona fide disputed the existence of the occurrence of an Event of Default under this sub-condition (c) in the relevant court or in arbitration as long as such dispute has not been finally and adversely adjudicated against the Issuer.

- (d) **Cessation of business:** The Issuer ceases to carry on its current business in its entirety.
- (e) **Winding-up:** An order is made or an effective resolution is passed for the winding-up, liquidation or dissolution of the Issuer.
- (f) **Insolvency:** (i) The Issuer becomes insolvent or is unable to pay its debts as they fall due; (ii) the Issuer makes a general assignment or an arrangement or composition with or for the benefit of its creditors; or (iii) an application is filed for it being subject to bankruptcy or re-organisation proceedings, or for the appointment of an administrator or liquidator of any of the Issuer's assets and such application is not discharged within 45 days.

For the purposes of the Conditions, **Indebtedness** means indebtedness (whether being principal, premium, interest or other amounts) in respect of any notes, bonds, debentures, debenture stock, loan stock or other securities or any borrowed money or any liability under or in respect of any acceptance or acceptance credit of the Issuer.

11. NOTICES AND RIGHT TO INFORMATION

Noteholders shall be advised of matters relating to the Notes by a stock-exchange release, a notice published on the Issuer's website at <https://www.alandsbanken.com/about-us/financial-information/debt-programme> or a notice published in Helsingin Sanomat or any other major Finnish national daily newspaper selected by the Issuer. The Issuer may and shall, if required by the Euroclear Rules or applicable laws, also deliver notices relating to the Notes in writing directly to the Noteholders at the address appearing on the list of the Noteholders provided by Euroclear Finland or Euroclear Sweden, as applicable, in accordance with the below paragraph (or through Euroclear

Finland's or Euroclear Sweden, as applicable, book-entry system or account operators of the relevant book-entry system).

Any notice relating to the Notes shall be deemed to have been received by the Noteholders when published or delivered in accordance with this Condition 11.

Notwithstanding any secrecy obligation, the Issuer shall, subject to the Euroclear Rules and applicable laws, be entitled to obtain information of the Noteholders from Euroclear Finland or Euroclear Sweden, as applicable, and Euroclear Finland or Euroclear Sweden, as applicable, shall be entitled to provide such information to the Issuer. Furthermore, the Issuer shall, subject to the Euroclear Rules and applicable laws, be entitled to acquire from Euroclear Finland or Euroclear Sweden, as applicable, a list of Noteholders, provided that it is technically possible for Euroclear Finland or Euroclear Sweden, as applicable, to maintain such a list. The Issuer shall at the request of the Issuer Agent pass on such information to the Issuer Agent.

The address for notices to the Issuer is:

Ålandsbanken Abp
Nygatan 2
PB 3
AX-22101 Mariehamn

12. TAXATION

All payments of principal and interest in respect of the Notes by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction (defined below) unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note:

- (a) presented for payment in Finland;
- (b) the holder of which is liable for such taxes or duties in respect of such Note by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such 30th day assuming that day to have been a Business Day.

For the purposes of the Conditions:

Tax Jurisdiction means the Republic of Finland or any political subdivision or any authority thereof or therein having power to tax; and

Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 11.

13. MEETINGS OF NOTEHOLDERS AND PROCEDURE IN WRITING

The Issuer may convene a meeting of Noteholders (**Noteholders' Meeting**) or request a procedure in writing among the Noteholders (**Procedure in Writing**) to decide on amendments of the Conditions or other matters as specified below. Euroclear Finland or Euroclear Sweden, as applicable, must be notified of the Noteholders' Meeting or a Procedure in Writing by the Issuer in accordance with the Euroclear Rules and applicable laws.

Notice of a Noteholders' Meeting and the initiation of a Procedure in Writing shall be provided to the Issuer Agent and the Noteholders in accordance with Condition 11 at least ten (10) Business Days prior to the Noteholders' Meeting or the last day for replies in the Procedure in Writing, and shall include information on the date, place and agenda of the Noteholders' Meeting or the last day and address for replies in the Procedure in Writing (or if the voting is to be made electronically, instructions for such voting) as well as instructions as to any action required on the part of a Noteholder to attend the Noteholders' Meeting or to participate in the Procedure in Writing. No matters other than those referred to in the notice of the Noteholders' Meeting or initiation of the Procedure in Writing may be resolved upon at the Noteholders' Meeting or the Procedure in Writing.

Only those who, according to the register kept by Euroclear Finland or Euroclear Sweden, as applicable, in accordance with the Euroclear Rules and applicable laws, in respect of the Notes, were registered as Noteholders on the fifth (5th) Business Day prior to the Noteholders' Meeting or the last day for replies in the Procedure in Writing on the list of Noteholders to be provided by Euroclear Finland or Euroclear Sweden, as applicable, in accordance with Condition 11, or proxies authorised by such Noteholders, shall, if holding any of the nominal amount of the relevant Series of Notes at the time of the Noteholders' Meeting or the last day for replies in the Procedure in Writing, be entitled to vote at the Noteholders' Meeting or in the Procedure in Writing and shall be recorded in the list of the Noteholders present at the Noteholders' Meeting or participating in the Procedure in Writing.

The Noteholders' Meeting must be held in Helsinki and the chairman of the meeting shall be appointed by the Board of Directors of the Issuer.

A Noteholders' Meeting or a Procedure in Writing shall constitute a quorum only if two (2) or more Noteholders present hold or represent at least 50 per cent. or one (1) Noteholder holding one hundred 100 per cent. of the nominal amount of the relevant Series of Notes outstanding attends the Noteholders' Meeting or provides replies in the Procedure in Writing.

If, within 30 minutes after the time specified for the start of a Noteholders' Meeting, a quorum is not present, any consideration of the matters to be dealt with at the meeting may, at the request of the Issuer, be adjourned for consideration at a meeting to be convened on a date no earlier than 14 calendar days and no later than 28 calendar days after the original meeting, at a place to be determined by the Issuer. Correspondingly, if by the last day for replies in the Procedure in Writing a quorum is not constituted, the time for replies may be extended as determined by the Issuer.

The quorum for an adjourned Noteholders' Meeting or extended Procedure in Writing will be at least 25 per cent. of the nominal amount of the relevant Series of Notes outstanding.

Notice of an adjourned Noteholders' Meeting or in relation to a Procedure in Writing, information regarding the extended time for replies, shall be given in the same manner as notice of the original Noteholders' Meeting or the Procedure in Writing. The notice shall also state the requirements for the constitution of a quorum.

Voting rights of Noteholders shall be determined according to the nominal amount of the Notes held. The Issuer and any Group companies shall not hold voting rights at any Noteholders' Meeting or Procedure in Writing.

Resolutions shall be carried by a majority of more than 50 per cent. of the votes cast. A representative of the Issuer and a person authorised to act for the Issuer may attend and speak at a Noteholders' Meeting.

A Noteholders' Meeting or a Procedure in Writing is entitled to make the following decisions that are binding upon all Noteholders:

- (a) change the Final Terms, including approval of any proposal by the Issuer for any modification, abrogation, variation or compromise of the Final Terms or any arrangement in respect of the obligations of the Issuer under or in respect of the Notes;
- (b) waive any breach or consent to any proposed breach by the Issuer of its obligations under or in respect of the Notes;

provided, however, that consent of at least 75 per cent. of the aggregate nominal amount of the relevant Series of Notes outstanding is required to:

- (a) decrease the nominal amount of, or interest payable on, a Series of Notes;
- (b) extend the term of Notes;
- (c) amend the requirements for the constitution of a quorum at a Noteholders' Meeting or Procedure in Writing; or
- (d) amend the majority requirements of the Noteholders' Meeting or Procedure in Writing.

The consents can be given at a Noteholders' Meeting, in the Procedure in Writing or by other verifiable means in writing.

When consent from the Noteholders representing the requisite majority has been received in the Procedure in Writing, the relevant decision shall be deemed to be adopted even if the time period for replies in the Procedure in Writing has not yet expired, provided that the Noteholders representing such requisite majority are registered as Noteholders on the list of Noteholders provided by Euroclear Finland or Euroclear Sweden, as applicable, in accordance with Condition 11 on the date when such requisite majority is reached.

The Noteholders' Meeting and the Procedure in Writing can authorise a named person to take necessary action to enforce the decisions of the Noteholders' Meeting or the Procedure in Writing.

Resolutions passed at a Noteholders' Meeting or in the Procedure in Writing shall be binding on all Noteholders of the relevant Series of Notes irrespective of whether they have been present at the Noteholders Meeting or participated in the Procedure in Writing. A Noteholder is considered to have become aware of a resolution of a Noteholders' Meeting and a Procedure in Writing when, with respect to Notes registered with Euroclear Finland, a decision has been recorded in the issue account (*Fi. liikkeeseenlaskutili*) of the relevant Notes and, with respect to Notes registered with Euroclear Sweden, when received by the Noteholders in accordance with Condition 11. In addition, Noteholders are obligated to inform subsequent transferees of Notes of resolutions made at a Noteholders' Meeting and in a Procedure in Writing. A Noteholders' Meeting's resolutions must also be notified to the Issuer Agent as well as Euroclear Finland or Euroclear Sweden, as applicable, in accordance with the Euroclear Rules and applicable laws.

Any resolution at a Noteholders' Meeting or in a Procedure in Writing, which extends or increases the obligations of the Issuer, or limits, reduces or extinguishes the rights or benefits of the Issuer, shall be subject to the consent of the Issuer.

Notwithstanding anything to the contrary in the Conditions, the Issuer is entitled to, without the consent of the Noteholders to make appropriate changes to the Final Terms if such changes do not weaken the position of the Noteholders. Any such changes shall be binding upon the Noteholders. The Issuer shall notify the Noteholders of such changes in accordance with Condition 11 above.

14. FURTHER ISSUES

The Issuer may from time to time without the consent of, or notice to, the Noteholders create and issue further notes having the same terms and conditions as the Notes (or the same in all respects save for the amount and date of the first payment of interest thereon, the issue price, the minimum subscription amount and the date from which interest starts to accrue) and so that the same may be consolidated and form a single Series with the outstanding Notes.

15. GOVERNING LAW AND JURISDICTION

15.1 Governing law

The Notes and any non-contractual obligations arising out of or in connection herewith, are and shall be governed by, and construed in accordance with, Finnish law, except for the registration of Notes in Euroclear Sweden, which shall be governed by, and construed in accordance with, Swedish law.

15.2 Submission to jurisdiction

- (a) Any disputes relating to the Notes shall be settled in the first instance at the District Court of Helsinki (Fi. *Helsingin käräjäoikeus*).
- (b) If the claimant is a consumer, such claimant may take legal action in a district court of the claimant's place of residence.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes, which include making a profit.

DESCRIPTION OF ÅLANDSBANKEN

General information

Ålandsbanken is a public limited liability company with its registered office in Mariehamn in the autonomous Finnish Province of Åland. Ålandsbanken was incorporated on 3 December 1919 under the laws of Finland with registration number 0145019-3 and its registered address is as follows:

Ålandsbanken Abp
Nygatan 2
AX-22 100 Mariehamn

Ålandsbanken's core markets are the Åland Islands, mainland Finland and Sweden. Ålandsbanken's head office is located in Mariehamn on the Åland Islands. Ålandsbanken has a total of five offices plus two representative offices in the Åland Islands and five offices on the Finnish mainland, situated in Helsinki, Parainen, Tampere, Turku and Vaasa. Ålandsbanken's Swedish branch has three offices in Sweden situated in Stockholm, Gothenburg and Malmö.

As at 30 June 2017, Ålandsbanken had total assets of EUR 5,263 million, total equity of EUR 224 million and net operating profit of EUR 12.3 million (1 January – 30 June 2017). As at 31 December 2016, Ålandsbanken had total assets of EUR 5,137 million, total equity of EUR 222 million and net operating profit of EUR 25.1 million (1 January – 31 December 2016). As at 31 December 2015, Ålandsbanken had total assets of EUR 4,602 million, total equity of EUR 213 million and a net operating profit of EUR 30.3 million (1 January – 31 December 2015). As at 31 December 2016, the Group had 683 employees (based on hours worked, recalculated to full-time equivalent positions). The Group has a total of three subsidiaries whose operations are connected in various ways with banking. They are Ålandsbanken Fondbolag Ab, Ab Compass Card Oy Ltd and Crosskey Banking Solutions Ab Ltd.

The focus of Ålandsbanken is on enhancing its role as a bank for investors while also seeking to offer good financing know-how and banking services. Its most important operational areas are Private Banking and Premium Banking. Ålandsbanken's Private Banking service provides individuals and corporate customers with banking, financial and advisory services. Premium Banking, which is offered mainly to individuals, is a concept that combines banking, financial and advisory services with security and lifestyle related services. As a relationship bank, Ålandsbanken seeks to generate value for individual clients and their companies by building, deepening and maintaining long-term personal client relationships.

For further information on the Group and the Group's financial position, please refer to the Financial Statements incorporated by reference in this Base Prospectus.

History of Ålandsbanken

Ålandsbanken was founded in 1919 as Ålands Aktiebank and has been listed on the Helsinki Stock Exchange since 1942.

In 1982, Ålandsbanken opened its first office in mainland Finland in Helsinki. It was the first bank in Finland to offer asset management services to its clients. In the 1990s, Ålandsbanken expanded on the Finnish mainland and opened seven new offices.

In 1998, Ålandsbanken launched its first in-house mutual funds and established Ålandsbanken Fondbolag Ab, with operations in Mariehamn.

To improve customer contact, the Premium Banking service was launched in 2004, combining multi-faceted banking and lifestyle services. During the same year, Ålandsbanken started an information technology venture

by establishing Crosskey Banking Solutions Ab Ltd, which develops, sells and implements systems solutions in the financial sector. In 2006, Crosskey Banking Solutions Ab Ltd opened a branch in Sweden.

In 2006, the subsidiary Ab Compass Card Oy Ltd, was established. It supplies Ålandsbanken with new international debit and credit cards.

In 2009, Ålandsbanken acquired selected parts of Kaupthing Bank Sverige AB, which changed its name to Ålandsbanken Sverige AB following the acquisition. In December 2011, Ålandsbanken Sverige AB's banking operations in Sweden were transferred to Ålandsbanken Abp (Finland), svensk filial, the Swedish branch of Ålandsbanken. Ålandsbanken's Swedish branch now has offices in Stockholm, Gothenburg and Malmö.

Ålandsbanken is engaged in various environmental projects, especially projects which aim to support the Baltic Sea. In 1997, Ålandsbanken launched its Environmental Accounts product, today called the Baltic Sea Account. Baltic Sea Accounts are bank accounts which generate 0.2 per cent. of deposited funds per year for donations to projects that improve the environment or conserve nature. In 2016, Ålandsbanken launched a credit card with an index ("Åland index") which shows the user the impact of carbon dioxide of every transaction.

Strategy of Ålandsbanken

Ålandsbanken's goal is to be a bank for investors that has financing know-how and that thrives in building and maintaining customer relationships. Ålandsbanken's development from being a financing bank having investment know-how to being a bank for investors that has financing know-how has been under way since the first office offering asset management services was established in Helsinki in 1982.

Ålandsbanken functions as one bank. In 2010, the banking operations were divided into three geographical business areas – the Åland Islands, mainland Finland and Sweden. The business areas are supported by common Group functions.

Ålandsbanken's strategy in its two growth markets, mainland Finland and Sweden, is to offer more personal and flexible services than the larger banks, while at the same time offering a broader portfolio of products and services than the smaller banking firms. On the Finnish mainland and in Sweden, Ålandsbanken's strategy is to be a unique, personal bank. Within its Private and Premium Banking concepts, it focuses on administering its clients' financial investments profitably and on providing home financing solutions. In addition, Ålandsbanken offers asset management services to institutional investors.

In its third market, the Åland Islands, Ålandsbanken's strategy is to be the largest bank. As a major employer on the Åland Islands, Ålandsbanken has an important position in the society and a desire to participate in developing the future of the Åland Islands.

A key success factor in Ålandsbanken's strategy is the provision of high service levels to its Premium and Private Banking clients.

Share capital and shareholders

As at 15 September 2017, the share capital of Ålandsbanken was EUR 41,747,203.76.

The shares are divided into 6,476,138 Series A shares and 8,859,175 Series B shares. Each Series A share represents twenty votes and each Series B share one vote at the shareholders' meetings. The Articles of Association stipulate that no representative at the annual general meeting may vote for more than one fortieth of the number of votes represented at the meeting.

On 10 April 2014, the annual general meeting of shareholders authorised the Board of Directors of Ålandsbanken to issue shares and option rights. A maximum of 3,000,000 Series B shares can be issued

pursuant to this authorisation. Separately, the Board of Directors of Ålandsbanken resolved to carry out a targeted issue of 100,000 option rights to key individuals as part of the Issuer's incentive programme. The Board of Directors has also launched a share savings programme for all Group employees. This voluntary programme enabled employees to save a portion of their monthly salary to invest in Ålandsbanken's Series B shares. From August 2015 until February 2017 Ålandsbanken issued in total 123,992 Series B shares under the share savings programme. Ålandsbanken is still, after three years from the original issuance, to issue a corresponding number of shares to the employees that are still employed by Ålandsbanken and own their original shares.

As at 15 September 2017, there were five shareholders in Ålandsbanken holding more than two (2) per cent. of the share capital, as shown in the table below. The list below also includes companies within each shareholder's group as well as other companies controlled by each shareholder.

Shareholder	Series A shares	Series B shares	Total	% of shares	% of votes
1. Wiklöf Anders (and Wiklöf controlled companies)	1,605,496	1,326,549	2,932,045	19.12%	24.16%
2. Alandia Group (insurance group)	917,358	406,432	1,323,790	8.63%	13.55%
3. Nominee registered shareholders*	40	918,855	918,895	5.99%	0.66%
4. Aaland Mutual Insurance Company (and subsidiaries)	794,566	111,201	905,767	5.91%	11.56%
5. Fennogens Investments S.A.	474,264	152,088	626,352	4.08%	6.96%

*On 13 January 2012, Ålandsbanken received a notification that the total shareholding of Familjen Kamprads Stiftelse (the Kamprad Family Foundation) in Ålandsbanken's Series B shares has increased to 5,53% (representing 0,58% of votes) as at such date.

As far as Ålandsbanken is aware there are no arrangements that may result in a change of control of Ålandsbanken.

Business activities

Ålandsbanken is focused on banking and securities operations, with the core concepts being Private Banking and Premium Banking. Ålandsbanken provides a wide range of financial services to private individuals, corporate clients and local governments. The Premium Banking service is offered mainly to private individuals by all of Ålandsbanken's offices. The Premium Banking full-service concept includes a broad array of personal banking, financing, lifestyle and security services. During 2010, it was expanded to include more sophisticated financial investment services. The Private Banking service is offered to both private individuals and corporate customers who require more extensive financial advisory services. The service is focused on both discretionary and consultative asset management as well as wealth management with a focus on investments and tax issues. Ålandsbanken also offers a wide range of web-based services, providing its clients with an internet-based tool for monitoring their financial engagements with Ålandsbanken. In addition to the services described above, Ålandsbanken offers several other financial services through its subsidiaries, including the issuance of credit and debit cards and fund management.

A significant proportion of the Group's lending activities is comprised of lending to private individuals and households. As at 30 June 2017, the Group's total lending was EUR 3,915 million, of which 71 per cent. constituted loans to private individuals or households. As at 31 December 2016, the Group's total lending was EUR 3,808 million, of which 70 per cent. constituted loans to private individuals or households. The Group's

total home loan lending as at 30 June 2017 was EUR 2,171 million and as at 31 December 2016 was EUR 1,888 million, or 55 per cent. and 50 per cent. of total lending, respectively. As at 31 December 2016, the total lending in Sweden was EUR 1,187 million, or 31 per cent. of the total lending of the Group.

The 2016 Financial Statements include certain statistical information on the Group's lending activities:

- **Loan Portfolio:** for information in relation to the Group's loan portfolio, please see Notes G15 (*Classification of financial assets and liabilities*), G16. (*Measurement of financial assets and liabilities at fair value*), G17. (*Assets and liabilities by currency*), G18. (*Holdings of debt securities*), G19. (*Lending to credit institutions*) and G20. (*Lending to the public*) in the 2016 Financial Statements and the chart entitled "*Financial assets and liabilities – maturity overview*" on pages 67 and 68 of the 2016 Financial Statements.
- **Impaired Loans:** for information in relation to the Group's impaired loans, please see Note G12. (*Impairment losses on loans and other commitments*) in the 2016 Financial Statements and the section entitled "*Doubtful and non-performing receivables*" on page 66 of the 2016 Financial Statements.

In addition, for a discussion of the Group's loan origination and monitoring procedures, its customer concentrations, large exposures, institutional counterparty risk exposure and collateral policy, please see the section entitled "*Risks and risk management*" beginning on page 47 of the 2016 Financial Statements.

Principal markets and competition

Ålandsbanken is actively conducting business in three geographic markets, the Åland Islands, mainland Finland and Sweden. On the Åland Islands, Ålandsbanken's two largest competitors are member cooperative banks of the OP Group and Nordea Bank AB (publ), Finnish Branch. Ålandsbanken has a significant share of both the retail and private banking market on the Åland Islands. In mainland Finland, Ålandsbanken is a strategically positioned niche player within its client and product segments. The main competitors on the mainland Finland retail market are large banks, including Nordea Bank AB (publ), Finnish Branch, Danske Bank Plc and the OP Group as well as smaller domestic banks like S-Bank Ltd, Aktia Bank p.l.c., Evli Bank Plc and local savings banks. Together with small specialised firms, these banks also make up the competition for private banking and wealth management in mainland Finland. In Sweden Ålandsbanken faces competition primarily from Skandinaviska Enskilda Banken AB (publ), Svenska Handelsbanken AB (publ), Nordea Bank AB (publ) and Swedbank AB (publ). Also, as is the case with Ålandsbanken's business in Finland, its Swedish business also faces competition from several smaller specialised firms which act in the Swedish market, especially in the Private Banking segment.

Organisational structure

Ålandsbanken is the parent company of the Group.

Ålandsbanken has three wholly-owned subsidiaries. They are Ålandsbanken Fondbolag Ab, Crosskey Banking Solutions Ab Ltd and Ab Compass Card Oy Ltd. Ålandsbanken Fondbolag Ab, domiciled in Mariehamn, is a fund management company pursuant to the Finnish Act on Investment Funds (*Sijoitusrahastolaki 48/1999*) (as amended). Crosskey Banking Solutions Ab Ltd, domiciled in Mariehamn, develops, sells and supports banking systems to small and medium-sized banks primarily in the Nordic countries. The subsidiary of Crosskey Banking Solutions Ab Ltd., S-Crosskey Ab, is 60 per cent. owned by Crosskey Banking Solutions Ab Ltd. and is domiciled in Mariehamn.

Ab Compass Card Oy Ltd, domiciled in Mariehamn, offers credit and debit cards to private and institutional customers.

In Sweden, Ålandsbanken operates through its Swedish branch, Ålandsbanken Abp (Finland), svensk filial.

Significant or material change

There has been no significant change in the financial or trading position of the Group since 30 June 2017 and there has been no material adverse change in the prospects of the Issuer since 31 December 2016.

Ålandsbanken's funding arrangements

Ålandsbanken's borrowing is conducted in both the Finnish and the international markets and with short-term and long-term products.

Short-term funding is mainly in the form of certificates of deposit issued on the Finnish and the Swedish market by Ålandsbanken. The total outstanding volume of certificates of deposit issued was EUR 229 million as at 30 June 2017 (EUR 242 million as at 30 June 2016) and EUR 154 million as at 31 December 2016 (EUR 250 million as at 31 December 2015). Long-term funding is mainly in the form of bonds issued by Ålandsbanken under the Programme and the Issuer's English law governed euro medium term note and covered bond programme. The total outstanding volume of bonds issued was EUR 1,286 million as at 30 June 2017 (EUR 1,071 million as at 30 June 2016) and EUR 1,298 million as at 31 December 2016. The total outstanding volume of covered bonds issued was EUR 1,082 million as at 30 June 2017 (EUR 958 million as at 30 June 2016) and EUR 1,193 million as at 31 December 2016. Ålandsbanken issued its first covered bond in September 2012. During 2016, Ålandsbanken issued a EUR 250 million 0.000 per cent fixed interest rate covered bond due 2023. In March 2017 Ålandsbanken issued a EUR 100 million senior unsecured floating interest rate note due 2020.

In addition, Ålandsbanken had outstanding subordinated debenture loans of EUR 35 million as at 30 June 2017 (EUR 38 million as at 30 June 2016). The outstanding amount of subordinated debenture loans as at 31 December 2016 was EUR 39 million (EUR 43 million as at 31 December 2015).

For further details on the Group's funding, please see Notes G16. (*Measurement of financial assets and liabilities carried at fair value*), G17. (*Assets and liabilities by currency*), G31. (*Debt securities issued*) and G35. (*Subordinated liabilities*) in the 2016 Financial Statements and the chart entitled "*Financial assets and liabilities – maturity overview*" on pages 67 and 68 of the 2016 Financial Statements.

Liquidity management

For information on the Group's liquidity management and the Group's level of liquidity reserves, please see the section entitled "*Liquidity risk*" beginning on page 67 of the 2016 Financial Statements.

Capital adequacy

The Group is reporting capital adequacy in accordance with the Basel rules. During the first quarter of 2012, the FIN-FSA approved the Issuer's application to be allowed to calculate the capital requirement for credit risk according to the IRB approach for its Finnish household loan portfolio. During the second quarter of 2016, the FIN-FSA approved the Issuer's application to be allowed to calculate the capital requirement for credit risk according to the IRB approach for its Finnish corporate loan portfolio. The Group's total capital ratio as at 30 June 2017 was 13.9 per cent. and as at 31 December 2016 was 13.0 per cent. The capital requirement for credit risks has been calculated according to the IRB and standardised approach, and the capital requirement for operational risks according to the standardised approach.

For further information about the Group's capital management, capital base and capital adequacy calculations, please see the section entitled "*Risks and Risk Management*" beginning on page 47 of the 2016 Financial Statements.

Investments

The Group has a portfolio of debt securities and shares and participations amounting to EUR 504 million at 31 December 2016. For details of the breakdown of these investments as at 31 December 2016, please see Notes G18. (*Holdings of debt securities*) and G21. (*Shares and participations*) in the 2016 Financial Statements. The portfolio of debt securities eligible for refinance is defined as collateral in central bank monetary policy operations. Other debt securities are certificates of deposit issued by Nordic banks in Finland. Under normal market conditions such assets are generally liquid and can generally be turned into cash almost immediately.

Risk management

For a detailed description of the Group's risk management policies, please see the section entitled "*Risks and risk management*" beginning on page 47 of the 2016 Financial Statements. For further information relating to the financial risks faced by the Group, please see "*Risk factors – Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme*".

Related Party Transactions

For information relating to the Group's transactions with related parties, please see Note G43. (*Disclosures about related parties*) in the 2016 Financial Statements.

MANAGEMENT

The Board of Directors of Ålandsbanken has overall responsibility for the activities of the Group and decides on the nature of its business and its business strategies and goals.

The Managing Director supervises the business operations of Ålandsbanken in accordance with the Board of Director's instructions and is responsible for the day-to-day administration.

The Executive Team serves as an advisory team to the Managing Director.

The Board of Directors has instituted a nomination committee (the **Nomination Committee**), an audit committee (the **Audit Committee**) and a compensation committee (the **Compensation Committee**).

The Board of Directors

The members of the Board of Directors are annually elected by a simple majority of the shareholders' votes represented at the annual general meeting for a one-year term ending at close of the next annual general meeting.

The Board of Directors consists of eight directors which are presented below.

NILS LAMPI	Born 1948
Bachelor of Economic Sciences	Board member since 2013
Managing Director of Wiklöf Holding Ab	Chairman
Chairman of the Board of Directors:	
Åland Post Ab	
Best- Hall Oy	
Ab ME Group Oy Ltd	
Ab Mathias Eriksson / Ab Mariehamns Parti	
Skärgårdshavets Helikoptertjänst Ab	

CHRISTOFFER TAXELL	Born 1948
Master of Laws	Board member since 2013
Chairman of the Board of Directors:	Vice Chairman
Föreningen Konstsamfundet	

ÅSA CEDER	Born 1965
Master of Economic Sciences	Board member since 2016
Managing Director of Insurance Company Pensions- Alandia	
Chairman of the Board:	
Ålands Penningautomatförening (PAF)	
Member of the Board of Directors:	
Arbetspensionsförsäkrarna TELA rf	
Ab Plasto Oy Ltd	

ANDERS Å KARLSSON	Born 1959
Bachelor of Commerce	Board member since 2012
Member of the Board of Directors:	
Aaland Mutual Insurance Company	
Ålands Skogsindustrier Ab	
Ålands Skogsägare Andelslag

World Resource Institute
Chairman:
Think Forest vid European Forest Institute

Born 1949
Board member since 2015

ULRIKA VALASSI
Master of Business Administration
Credit manager at DBT Capital AB
Member of Board of Directors:
Hemfosa Fastigheter AB
Founder:
Au Management AB

Born 1967
Board member since 2015

ANDERS WIKLÖF
Business owner
Commercial Counsellor
Chairman of the Board of Directors:
Wiklöf Holding Ab
Member of the Delegation:
Åland Foundation for the Future of the Baltic Sea

Born 1946
Board member since 2006

DAN-ERIK WOIVALIN
Master of Laws
Managing Director of Aaland Mutual Insurance
Company
Member of the Board of Directors:
Ålands Telefonandelslag
Chairman:
Ålands Nautical Club r.f
Member of the Executive Team:
Aaland Mutual Insurance Company

Born 1959
Board member since 2013

Nomination Committee

The Nomination Committee is responsible for the preparation of the election of the board members at the annual general meeting and for giving proposals regarding the compensation of the Board of Directors. The Nomination Committee has four members, consisting of the Chairman of the Board of Directors and one representative of each of the three shareholders with the largest number of voting shares as at 1 November each year. The composition of the Nomination Committee will be decided in December 2017.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its duties in overseeing the internal control and risk management systems, reporting, the audit process and observance of laws and regulations. In addition, before the Annual General Meeting the Audit Committee prepares proposals for the election of auditors and their fees. The Audit Committee consists of the board members Ulrika Valassi, Åsa Ceder, Anders Å Karlsson and Nils Lampi. Ulrika Valassi is the Chairman of the Audit Committee.

Compensation Committee

The Compensation Committee is responsible for the preparation of material compensation-related decisions and the evaluation of compensation policies and principles for variable compensation. The Compensation Committee decides on measures for monitoring the application of the principles for the compensation system and assesses their suitability and effect on the Group's risks and risk management. The Compensation Committee consist of the board members Nils Lampi and Christoffer Taxell as well as of Agneta Karlsson. Agneta Karlsson is the Chairman of the Compensation Committee.

The Managing Director and the Executive Team

The Board of Directors has adopted rules of procedures for the Group with internal guidelines regarding, among other matters, the work of the Managing Director and the Executive Team.

The Managing Director supervises the business operations of Ålandsbanken in accordance with the instructions of the Board of Directors and is responsible for the day-to-day administration of Ålandsbanken.

The Executive Team serves as an advisory team to the Managing Director and has decision making powers in any matters that the Board of Directors has delegated to it.

The Executive Team consists of seven persons which are presented below.

PETER WIKLÖF Master of Laws Managing Director Chief Executive Chairman of the Board of Directors: Ab Compass Card Oy Ltd Crosskey Banking Solutions Ab Ltd Ålands Näringsliv (Chamber of commerce) The Groupement Européen de Banques (GEB) Member of the Board of Directors: Försäkringsaktiebolaget Alandia Försäkringsaktiebolaget Liv-Alandia Viking Line Abp Member of the Supervisory Board: Ålands Ömsesidiga Försäkringsbolag	Born 1966 Member of the Executive Team since 2008 Chairman
JAN-GUNNAR EURELL Master of Business Administration, Bachelor of Science (Economics) Chief Financial Officer Deputy Managing Director Member of the Board of Directors: Ab Compass Card Oy Ltd	Born 1959 Member of the Executive Team since 2011
MIKAEL MÖRN Director, Åland Business Area Diploma in business	Born 1965 Member of the Executive Team since 2017
TOVE ERIKSLUND Master of Business Administration Chief Administrative Officer	Born 1967 Member of the Executive Team since 2006

ANNE-MARIA SALONIUS
Master of Laws (trained on the bench)
Director, Finnish Mainland Business Area

Born 1964
Member of the Executive Team since 2010

MAGNUS JOHANSSON
Master of Science in Business and Economics
Director, Sweden Business Area

Born 1972
Member of the Executive Team since 2017

JUHANA RAUTHOVI
Licentiate of Laws
Master of Science (Economics)
Master of Science (Technology)
Master in International Management
Chief Risk and Compliance Officer

Born 1975
Member of the Executive Team since 2012

General information on the management of Ålandsbanken

The Board of Directors has adopted and applies the Finnish Corporate Governance Code (the **Code**). The Code is applied according to the “comply or explain” principle, which means that departures from its recommendations must be disclosed and explained. Ålandsbanken departs from Recommendation 15, “Appointment of members to the committees”, since the Nomination Committee may include members who are not members of the Board of Directors of Ålandsbanken.

The business address of each member of the Board of Directors and the Executive Team is Ålandsbanken Abp, Post Box 3, AX-22101 Mariehamn, Finland.

Independence of directors

According to the Board of Directors’ evaluation, all Board members are independent in relation to Ålandsbanken. The Board members Christoffer Taxell, Göran Persson and Ulrika Valassi are independent in relation to significant shareholders. Nils Lampi represents Wiklöf Holding Ab and Anders Å Karlsson and Dan-Erik Woivalin represent Aaland Mutual Insurance Company. Åsa Ceder represents Insurance Company Pensions-Alandia. These companies (or the group to which each of them belongs) own at least ten (10) per cent. of Ålandsbanken shares or total voting power and therefore Mrs. Ceder, Mr. Lampi, Mr. Karlsson and Mr. Woivalin are not independent in relation to significant shareholders. Anders Wiklöf personally and through his companies owns more than 20 per cent. of Ålandsbanken’s shares or total voting power and therefore is not independent in relation to significant shareholders.

Conflicts of interests

There are no conflicts of interest between any duties of the members of the Board of Directors, Nomination Committee, Audit Committee, Compensation Committee or the Executive Team to Ålandsbanken and their private interests or duties.

SUMMARY OF THE FINNISH LEGISLATION REGARDING COVERED BONDS

The following is a brief summary of certain features of the Covered Bond Act as at the date of this Base Prospectus. It does not purport to be, and is not, a complete description of all aspects of the Finnish legislative and regulatory framework for covered bonds.

General

Covered bonds are debt instruments issued by Finnish commercial banks that are at all times secured by a pool of qualifying assets (the **Cover Pool**), the quality and standards of which are regulated by the Covered Bond Act.

The Covered Bond Act entered into force on 1 August 2010 and replaced the Finnish Act on Mortgage Credit Banks from 1999.

Covered bonds may only be issued by commercial banks that are licensed by the FIN-FSA to do so. The FIN-FSA supervises banks' compliance with the Covered Bond Act.

Eligible Assets for the Cover Pool

According to the Covered Bond Act, the following types of assets qualify for the Cover Pool:

- Loans that are secured by a mortgageable object referred to in chapter 16, section 1 or in chapter 19, section 1 of the Finnish Land Code (*Maakaari* 540/1995) (as amended) (the **Land Code**) and whose purpose is to serve as housing, by shares in a housing company according to Chapter 1, Section 2 of the Finnish Housing Companies Act (*Asunto-osakeyhtiölaki* 1599/2009) (as amended) (the **Housing Companies Act**), by other comparable shares or rights-of-occupancy, or by collateral that is comparable to the above and situated in another State in the European Economic Area (**Residential Mortgages**). A housing company is a special form of limited liability company (regulated by the Housing Companies Act). Shares of a housing company carry rights to occupy a specific part of the building owned by the company as stipulated in its articles of association.
- Loans that are secured by a mortgageable object referred to in Chapter 16, Section 1 or in Chapter 19, Section 1 of the Land Code and whose purpose is to serve as office or commercial space, by shares in a housing company or a mutual real estate company that entitle its holder to occupy commercial or office space, or by comparable collateral situated in another State belonging to the European Economic Area (**Commercial Mortgages** and, together with Residential Mortgages, **Mortgages**). The governance of a mutual real estate company is similar to that of any other Finnish limited liability company. Real estate companies may be governed by the Housing Companies Act or the Finnish Companies Act (*Osakeyhtiölaki* 624/2006) (as amended), as stipulated in each company's articles of association. Shares of a mutual real estate company carry rights to occupy a specific part of the building owned by the mutual real estate company as stipulated in its articles of association.
- Public-sector loans that have been granted to the Finnish state, a Finnish municipality or another public body which may, when calculating prudential requirements set out in the CRR, be considered equivalent to the Finnish state or Finnish municipality or indebtedness that is fully guaranteed by, or fully collateralised by a claim against the Finnish state, a Finnish municipality or such other public body as described above (**Public-Sector Debt**).
- Mortgages and Public-Sector Debt of such other credit institution, to which the mortgage bank (Fi. *kiinnitysluottopankki*) issuer of covered bonds has granted inter-bank loans (**Inter-Bank Loans**) where the Inter-Bank Loan is secured by Mortgages granted by that credit institution or Public-Sector Debt posted as collateral by that credit institution to the extent those Mortgages and that Public-Sector Debt forms part of the Cover Pool for the covered bonds as described below (**Inter-Bank Loan Assets**). The use of Inter-Bank Loans is not available to the Issuer because it is not a mortgage bank.

- In addition, up to 20 per cent. of the aggregate amount of all the assets in the Cover Pool may in certain circumstances temporarily consist of certain supplemental assets. Supplemental assets in the Cover Pool (together referred to as the **Supplemental Assets**) may include:
 - bonds and other debt obligations issued by the Finnish government, a municipality or another public-sector entity or a credit institution (other than one belonging to the same consolidated group as the issuer of the covered bonds);
 - guarantees granted by a public-sector entity or a credit institution (other than one belonging to the same consolidated group as the issuer of the covered bonds);
 - credit insurance given by an insurance company other than one belonging to the same group as the issuer of the covered bonds; and
- cash of the issuer of the covered bonds deposited in the Bank of Finland or a deposit bank (other than a deposit bank, belonging to the same consolidated group as the issuer of the covered bonds, if the issuer is also a deposit bank).

Debt obligations issued by credit institutions may not, however, exceed 15 per cent. of the aggregate amount of assets in the Cover Pool. The FIN-FSA may in limited circumstances grant an exemption from the 20 per cent. limit for a set period.

Supplemental Assets may temporarily be used in situations where Mortgages or Public-Sector Debt have not yet been granted or registered in the Cover Pool or the Covered Bond Act's requirements described below under "*Loan to Value Ratios, Liquidity and Interest Cover Requirements*" are not fulfilled.

Covered Bond Register

The issuer of covered bonds is required to maintain a register of the covered bonds and the assets in the Cover Pool (the **Register**). The Register must include, amongst other things, details on:

- each series of covered bonds in issue, including the nominal amount, interest rate and maturity;
- the assets in the Cover Pool, including the aggregate nominal amount, interest and maturity of the Mortgages and any Public-Sector Debt in the Cover Pool;
- any Supplemental Assets in the Cover Pool; and
- any derivative contracts entered into to hedge against risks relating to the covered bonds or the Cover Pool.

The Register must be continuously updated to reflect changes in the covered bonds and the Cover Pool. The Mortgages, Public-Sector Debt, Inter-Bank Loan Assets and Supplemental Assets recorded in the Register at any given time constitute the Cover Pool that secures the covered bonds, subject to the limitations set forth in the Covered Bond Act. Each of the assets in the Cover Pool secures each series of covered bonds in issue on a *pari passu* basis, to the extent each of the series is secured by the same assets. If an asset recorded in the Register secures only a particular series or category of covered bonds, the Register must specify which series the asset secures. A Mortgage, Public-Sector Debt or Inter-Bank Loan must, following its repayment in full, be removed from the Register. Mortgages that are no longer eligible Residential Mortgages or Commercial Mortgages must also be removed. Assets may also be removed from the Register if after the removal the remaining assets in the Cover Pool are sufficient to meet the requirements of the Covered Bond Act and the terms and conditions of the covered bonds. The fact that an issuer of covered bonds has included certain Mortgages, Public-Sector Debt or other indebtedness in the Cover Pool does not prevent it from allowing, or allow it to prevent, the debtor in relation to such indebtedness to pre-pay the relevant indebtedness or to change the terms of the relevant indebtedness (including changing the collateral (e.g., residential property or shares in

a housing company) securing the indebtedness). According to the Finnish Consumer Protection Act (*Kuluttajansuojalaki* 38/1978) (as amended), consumers are entitled at any time to pre-pay their Residential Mortgages in full or in part before they mature. The issuer of covered bonds is, however, prohibited from creating any security interest in or selling Mortgages or Public-Sector Debt that forms part of the Cover Pool without the permission of the FIN-FSA. If Inter-Bank Loan Assets are included in the Cover Pool, the same restrictions as to the sale and creation of security interests apply to the debtor credit institution under the Inter-Bank Loan. The composition of the Cover Pool may change over time, subject at all times to the requirements of the Covered Bond Act and the terms and conditions of the covered bonds. For a summary of the requirements in the Covered Bond Act relating to the Cover Pool, see “*Certain Cover Pool Requirements*” and “*Loan to Value Ratios, Liquidity and Interest Cover Requirements*” below. Issuers of covered bonds may also enter into derivatives contracts in order to hedge risks relating to the covered bonds and the Cover Pool. Details of any derivatives contracts must be listed in the Register.

The security interest in the Mortgages and Public-Sector Debt included in the Cover Pool will be recorded on the documentation evidencing the Mortgages or Public-Sector Debt or in a register that is used to administer the Mortgages or Public-Sector Debt.

Certain Cover Pool Requirements

The Covered Bond Act provides that the nominal amount of the Mortgages included in the Cover Pool may not exceed the fair value of the collateral securing those Mortgages. The fair value of the collateral is to be determined in accordance with the FIN-FSA’s rules and regulations. For example, any collateral assets underlying Commercial Mortgages and Residential Mortgages, where the value of such Residential Mortgage exceed EUR 3,000,000, are to be valued by an independent third-party valuation agent.

If the assets in the Cover Pool do not meet the requirements of the Covered Bond Act, the FIN-FSA will set a time period within which the issuer of the covered bonds is required to add such amount of qualifying assets to the Cover Pool as is required to remedy the breach. If the issuer does not comply with the requirements within the set time period, the FIN-FSA may revoke the issuer’s license to carry on mortgage banking activities.

Loan to Value Ratios, Liquidity and Interest Cover Requirements

The Covered Bond Act provides for the following requirements as to the assets in the Cover Pool.

- The aggregate value of the assets in the Cover Pool (calculated as specified below) must at all times exceed the aggregate outstanding nominal amount of the covered bonds.
- The present value of the assets in the Cover Pool must at all times exceed 102 per cent. of the present value of the payment obligations under the covered bonds. When determining the present value of the assets in the Cover Pool for this purpose, only 60 per cent. and 70 per cent. of the payments made or to be made under the Commercial Mortgages and Residential Mortgages, respectively, may be included. According to the preparatory works of the Covered Bond Act (HE 42/2010), present value means the total value of the future discounted cashflows applying the market rate of interest prevailing from time to time. The FIN-FSA may in the future issue more specific rules and regulations regarding present value calculations.
- Unless the terms of the covered bonds provide otherwise, at least 90 per cent. of the aggregate value of the assets in the Cover Pool (calculated as specified below) must be comprised of Residential Mortgages, Public-Sector Debt or Supplemental Assets.
- The aggregate value of the assets in the Cover Pool (calculated as specified below) relating to the Inter-Bank Loan Assets must at all times exceed the amount of the Inter-Bank Loans. In the case of Inter-Bank Loans, the Public-Sector Debt and Mortgages that secure those Inter-Bank Loans are to be recorded in the Register and included in the Cover Pool; the Inter-Bank Loans themselves are not

included in the Cover Pool for purposes of the tests and requirements described in this section “*Loan to Value Ratios, Liquidity and Interest Cover Requirements*”.

- The weighted average maturity of the covered bonds must not be longer than the weighted average maturity of the assets in the Cover Pool.
- The interest accruing on the aggregate amount of assets in the Cover Pool (calculated as specified below) in any 12-month period must cover the interest payments on the covered bonds (and any derivative contracts related thereto) in the same period.

For purposes of the requirements described in this section “*Loan to Value Ratios, Liquidity and Interest Cover Requirements*”, certain additional loan-to-value thresholds apply. Namely, for purposes of determining the aggregate amount or value of assets in the Cover Pool:

- in the case of Residential Mortgages, only up to 70 per cent. of the fair value of the residential property securing the Residential Mortgage can be included;
- in the case of Commercial Mortgages, only up to 60 per cent. of the fair value of the commercial property securing the Commercial Mortgage can be included;
- in the case of Public-Sector Debt and Supplemental Assets, the book value is to be included; and
- Loans that according to the rules of the FIN-FSA are to be booked as non-performing loans cannot be included.

In addition, derivative transactions concluded in order to hedge risks relating to the covered bonds or any assets in the Cover Pool are taken into account for the purposes of the requirements described above.

Limited Recourse Against Assets in the Cover Pool

According to the Covered Bond Act, creditors of the issuer of covered bonds other than the covered bond holders cannot have recourse against the assets in the Cover Pool. Therefore, the assets in the Cover Pool cannot be subject to injunctions, debt execution or other enforcement measures by such creditors. In addition, in a bankruptcy or liquidation of an issuer of covered bonds, a Mortgage debtor or issuer of Public-Sector Debt cannot as a general rule invoke the right of set-off in relation to a Mortgage or Public-Sector Debt that is included in the Cover Pool.

Right of Priority in Bankruptcy or Liquidation of the Issuer

Under the Covered Bond Act, holders of covered bonds are given a preferential status in the liquidation or bankruptcy of the issuer of those covered bonds. If the issuer has been placed in liquidation or declared bankrupt, the holders of covered bonds have the right to receive payment, in preference to all other creditors of the issuer, in accordance with the terms and conditions of the covered bonds, from the assets that comprise the Cover Pool (i.e., assets included in the Register). After the commencement of the bankruptcy or liquidation proceedings, any proceeds from the assets in the Cover Pool will be recorded in the Register for the benefit of the holders of the covered bonds. Prior to the commencement of bankruptcy or liquidation, proceeds from the assets in the Cover Pool will only be recorded in the Register for the benefit of the holders of the covered bonds to the extent that such proceeds are temporarily recorded in the Register as Supplemental Assets.

However, with respect to Mortgages included in the Cover Pool, the covered bond holders’ preferential treatment will be limited, in accordance with section 25 of the Covered Bond Act, to a maximum amount which corresponds to 70 per cent. of the value, as recorded in the Register, of the assets securing the Residential Mortgages in the pool; and to 60 per cent. of the value, as recorded in the Register, of the assets securing the Commercial Mortgages in the pool, in each case at the time the issuer was declared bankrupt or when the issuer

is placed in liquidation, as the case may be. Any excess proceeds from the Mortgages in the Cover Pool will be paid to the bankruptcy estate for the benefit of the general creditors of the estate.

The issuer's counterparties to derivative transactions that are recorded in the Register and the providers of any liquidity loans borrowed by the bankruptcy estate enjoy the same preferential treatment as covered bond holders in the issuer's bankruptcy or liquidation. These counterparties and lenders have an equal right with the holders of covered bonds to payments from the assets in the Cover Pool. Accordingly, derivative transactions and such liquidity loans rank *pari passu* with the covered bond holders with respect to assets in the Cover Pool.

In the bankruptcy or liquidation of the issuer, holders of covered bonds rank *pari passu* amongst themselves in respect of proceeds from the Cover Pool, to the extent their bonds are secured by the same assets in the Register. If an asset recorded in the Register secures a particular series of covered bonds only, only that particular series of covered bonds will receive the benefit of any proceeds from the relevant asset.

If an issuer of covered bonds is placed in liquidation or declared bankrupt, a supervisor will be appointed by the FIN-FSA to represent the interests of the holders of the relevant covered bonds. A bankruptcy administrator will also be appointed by the courts. The supervisor supervises the management and any liquidation of the assets in the Cover Pool as well as the payments to be made to the holders of covered bonds.

In the bankruptcy or liquidation of the issuer, the bankruptcy administrator shall, at the supervisor's request or with its consent, enter into such derivatives contracts as are necessary to hedge the risks relating to the covered bonds or the assets in the Cover Pool, and, where necessary, sell a sufficient amount of assets in the Cover Pool in order for the issuer to discharge its obligations relating to the covered bonds. The bankruptcy administrator may also take out liquidity loans to secure the liquidity of the bankruptcy estate. Moreover, the bankruptcy administrator may, with the permission of the FIN-FSA and subject to the terms and conditions of the covered bonds, transfer the covered bonds and the entire Cover Pool to another Finnish financial institution that is licensed to issue covered bonds (or to an equivalent non-Finnish institution).

If the requirements described above under "*Loan to Value Ratios, Liquidity and Interest Cover Requirements*" are not satisfied, the bankruptcy administrator shall, at the supervisor's request or with its consent, accelerate the covered bonds, liquidate the assets in the Cover Pool relating to such covered bonds and use the proceeds thereof to discharge the covered bonds. If the proceeds from the assets in the Cover Pool (after application of the limitation in respect of Mortgages described above) are not sufficient to discharge the covered bonds in full, the holders of the covered bonds will be general creditors in the issuer's bankruptcy with no priority in payment as to the shortfall. In such circumstances, the holders of the covered bonds may not be paid in full.

Management of the Cover Pool upon Liquidation or Bankruptcy of an Interbank Loan Debtor

If the debtor in respect of an Inter-Bank Loan that has been taken into account in the Cover Pool is in bankruptcy or liquidation, the FIN-FSA shall without delay appoint a supervisor to represent the interests of the holders of covered bonds issued by the issuer (i.e., the creditor of the Inter-Bank Loan debtor). The supervisor shall in particular supervise the administration and liquidation of the assets in the Cover Pool and the payments to be made to the holders of covered bonds. Notwithstanding the liquidation or bankruptcy of an Inter-Bank Loan debtor, payments shall be made on the covered bonds, in accordance with their terms, from the Inter-Bank Loan Assets comprising the Cover Pool, taking into account the right of preference provided in the Covered Bond Act.

In the liquidation of the Inter-Bank Loan debtor, the debtor's estate administrator shall at the request of, or with the consent of, the supervisor:

- sell the debtor's Mortgages or Public-Sector Debt that comprise the Cover Pool to the issuer of the covered bonds by, in whole or in part, offsetting the purchase price against the issuer's Inter-Bank Loan claim against the debtor; or

- if necessary, sell to a third party such amount of the debtor's assets in the Cover Pool as is necessary to discharge the obligations under the covered bonds.

CHARACTERISTICS OF THE COVER POOLS

The Issuer must ensure that each of the Cover Pools are comprised only of Mortgages, Public-Sector Debt and Supplemental Assets within the limitations set by the Covered Bond Act (as summarised under “*Summary of the Finnish Legislation regarding Covered Bonds*”) and the terms and conditions of the Covered Bonds. At no time shall the Cover Pools include asset-backed securities that do not comply with the requirements of paragraph 1 Article 80 of Guideline ECB/2014/60 of the European Central Bank.

The Issuer will substitute assets that are no longer eligible to be included in the relevant Cover Pool in accordance with the requirements of the Covered Bond Act and such terms and conditions and supplement the relevant Cover Pool with new Mortgages, Public-Sector Debt or Supplemental Assets upon the existing Mortgages, Public-Sector Debt or Supplemental Assets in the Cover Pools being repaid by the relevant borrower in respect of such assets.

The criteria that the Issuer applies in the selection of assets for the Cover Pools and the policies for granting loans are summarised below.

The Finnish Cover Pool

All Mortgages included in the Finnish Cover Pool are originated by the Issuer in Finland in accordance with the applicable lending criteria, which include, among other things, verifying the identity of the borrower, assessing the creditworthiness of the borrower and checking the past defaults of the borrower which are contained in the Issuer’s internal payment default register.

The Issuer identifies the Mortgages that are eligible for inclusion in the Finnish Cover Pool according to criteria set by the Covered Bond Act and the Issuer. These criteria, in summary, include (but are not limited to):

- the principal amount of the Mortgage must not exceed the fair value of the collateral securing the Mortgage, that is, the loan-to-value ratio must be 100 per cent. or lower;
- the Issuer must have security over the collateral securing the Mortgage;
- the Mortgage must not have been in default for more than 89 days;
- if several loans are secured by the same collateral, the group of loans is only eligible for the Finnish Cover Pool if the entire group meets the loan-to-value ratio requirement stated above. However, certain types of loans within such a group, such as currency loans and credit limits, are not eligible for inclusion (although they are included for the purpose of the loan-to-value ratio requirement);
- the Mortgage must be secured by eligible assets located or incorporated in Finland and must be denominated in EUR; and
- the terms and conditions of the pledge relating to the property that constitutes the collateral for the Mortgage must contain a provision according to which the pledgor undertakes to maintain the fire insurance of the property.

The composition and characteristics of the Finnish Cover Pool will change over time.

The Swedish Cover Pool

All Mortgages included in the Swedish Cover Pool are originated by the Issuer’s Swedish branch in accordance with the applicable lending criteria, which include, among other things, verifying the identity of the borrower, assessing the creditworthiness of the borrower and checking the past defaults of the borrower which are contained in the Issuer’s internal payment default register.

The Issuer identifies the Mortgages that are eligible for inclusion in the Swedish Cover Pool according to criteria set by the Covered Bond Act and the Issuer. These criteria, in summary, include (but are not limited to):

- the principal amount of the Mortgage must not exceed the fair value of the collateral securing the Mortgage, that is, the loan-to-value ratio must be 100 per cent. or lower;
- the Issuer must have security over the collateral securing the Mortgage;
- the Mortgage must not have been in default for more than 89 days;
- if several loans are secured by the same collateral, the group of loans is only eligible for the Swedish Cover Pool if the entire group meets the loan-to-value ratio requirement stated above. However, certain types of loans within such a group, such as currency loans and credit limits, are not eligible for inclusion (although they are included for the purpose of the loan-to-value ratio requirement);
- the Mortgage must be secured by eligible assets located or incorporated in Sweden and must be denominated in SEK; and
- the terms and conditions of the pledge relating to the property that constitutes the collateral for the Mortgage must contain a provision according to which the pledgor undertakes to maintain the fire insurance of the property.

The composition and characteristics of the Swedish Cover Pool will change over time.

Liquidity Reserve

The terms of the Covered Bonds do not contain a liquidity reserve provision. However, certain covered bonds issued under the 2013 EMTN & Covered Bond Programme (as defined in “*Information Incorporated by Reference*”) which have the benefit of the Finnish Cover Pool (including covered bonds issued subject to the 2013 Conditions (as defined in “*Information Incorporated by Reference*”)) have been issued with terms that contain a liquidity reserve provision. Pursuant to this liquidity reserve provision, the Issuer is required to ensure that (i) the recorded value of all Public-Sector Debt and Supplemental Assets in the Finnish Cover Pool does not fall below a certain level so long as such covered bonds are outstanding and (ii) in the event that there have been prepayments of principal in respect of the Mortgages in the Finnish Cover Pool which exceed a certain level that the Issuer shall add to the Finnish Cover Pool an amount of Public-Sector Debt and/or Supplemental Assets equal to the amount of such prepayments.

Accordingly, any Covered Bonds issued under this Programme following the date of this Base Prospectus which have the benefit of the Finnish Cover Pool will benefit from the fact that the Finnish Cover Pool is required to be maintained in this way (for so long as the previous covered bonds issued under the 2013 EMTN & Covered Bond Programme are outstanding) notwithstanding that the liquidity reserve provisions do not apply to such Covered Bonds.

Covered Bonds issued under this Programme which have the benefit of the Swedish Cover Pool will not benefit from the above noted liquidity reserve provision that applies to certain Covered Bonds issued under the Programme which have the benefit of the Finnish Cover Pool.

DERIVATIVE TRANSACTIONS

Permitted Derivative Transactions

The Issuer may from time to time enter into one or more derivative transactions in order to hedge against risks relating to a Category of Covered Bonds and/or a Series of Covered Bonds or the assets in a Cover Pool. Such derivative transactions will be entered into the Register for the relevant Cover Pool.

The Issuer may enter into one or more interest rate swap transactions to hedge the interest rate exposure arising as a result of Mortgages and other assets in a Cover Pool that carry floating rates of interest covering the relevant Covered Bonds that carry a fixed interest rate payment obligation for the Issuer. The Issuer may also enter into one or more interest rate swap transactions to hedge the interest rate exposure arising as a result of Mortgages and other assets in a Cover Pool that carry fixed rates of interest covering the relevant Covered Bonds that carry a floating interest rate payment obligation for the Issuer.

Documentation

The Issuer currently anticipates that derivative transactions entered into between the Issuer and a swap counterparty will be evidenced by a confirmation and such confirmation will supplement, form part of and be subject to an agreement between the Issuer and such swap counterparty in the form of a 1992 ISDA Master Agreement (Multicurrency – Cross Border) or an ISDA 2002 Master Agreement, as amended and supplemented from time to time, each as published by the International Swaps and Derivatives Association Inc. (ISDA) (each such agreement a **Swap Agreement**). All such derivative transactions will be terminable by a party if an Event of Default (as defined in the relevant Swap Agreement) occurs in respect of the other party or all or a group of derivative transactions will be terminable by one or both of the parties if a Termination Event (as defined in the relevant Swap Agreement) occurs.

Upon the early termination of one or more derivative transactions, the Issuer or the relevant swap counterparty may be liable to make a payment to the other party reflecting the value of the terminated derivative transaction(s).

The Issuer may also at its discretion use other types of instruments and transactions for the purposes described in this section “*Derivative Transactions*”.

Bankruptcy or Liquidation of the Issuer

Under the Covered Bond Act, the Issuer is required to fulfil the obligations arising under a derivative transaction entered into the Register for a Cover Pool in accordance with its terms notwithstanding a bankruptcy or liquidation of the Issuer. Counterparties to such derivative transactions (along with holders of the Covered Bonds and providers of Bankruptcy Liquidity Loans) are given a statutory priority in the liquidation or bankruptcy of the Issuer to the assets in the relevant Cover Pool. Accordingly, such counterparties (and holders of the Covered Bonds and providers of Bankruptcy Liquidity Loans) have the statutory right to receive payment from the assets in the relevant Cover Pool before all other holders of claims and this right remains for so long as the Covered Bonds remain outstanding.

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective investors of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

General

Prospective investors of Notes are advised to consult their tax advisers as to the consequences, under the tax laws of the countries of their respective citizenship, residence or domicile, of a purchase of Notes, including, but not limited to, the consequences of receipt of payments under the Notes and their disposal or redemption.

Finland

Taxation of Finnish residents

Under the present Finnish domestic tax law, holders of Notes who are resident in Finland for tax purposes, will be subject to Finnish tax on interest payments (including deemed interest for tax purposes through a discounted issue price) under the Notes and on gains realised on the sale or redemption of the Notes.

Taxation of Non-Finnish residents

Holders of Notes who are not resident in Finland for tax purposes and who do not engage in trade or business through a permanent establishment in Finland will not be subject to Finnish taxes either on payments in respect of the Notes or gains realised on the sale or redemption of the Notes. Non-resident holders of Notes who engage in trade or business through a permanent establishment in Finland will be subject to similar Finnish taxes on payments in respect of the Notes and gains realised on the sale or redemption of the Notes as Finnish resident holders of Notes.

Transfer Tax

Transfers of the Notes are not subject to Finnish transfer tax.

Withholding Requirement

The Issuer is obliged to withhold tax on interest payments (including deemed interest) to Finnish resident individuals and death estates as well as Finnish resident unregistered partnerships, associations and similar.

Reporting Requirements

Under Finnish law, the Issuer is obliged to report any interest payments and information necessary for computing capital gain under and in respect of the Notes to the Finnish tax authorities. The reported information is subject to automatic exchange of information as regulated by the EU Directive on Administrative Cooperation 2011/16/EU (as amended) or other inter-governmental agreements.

INFORMATION INCORPORATED BY REFERENCE

The following information shall be incorporated in, and form part of, this Base Prospectus:

- (a) the auditors' report and audited consolidated and non-consolidated annual financial statements for the financial year ended 31 December 2015 of the Issuer set out on pages 32 to 140 (inclusive) of the Issuer's Annual Report for the year ended 31 December 2015 and the five-year group summary set out on page 27 of the Issuer's Annual Report for the year ended 31 December 2015;
- (b) the auditors' report and audited consolidated and non-consolidated annual financial statements for the financial year ended 31 December 2016 of the Issuer set out on pages 41 to 154 (inclusive) of the Issuer's Annual Report for the year ended 31 December 2016 and the five-year group summary set out on page 35 of the Issuer's Annual Report for the year ended 31 December 2016;
- (c) the auditors' review report and unaudited consolidated financial statements for the six months ended 30 June 2017 of the Issuer set out on pages 7 to 30 (inclusive) of the Issuer's interim report for the six months ended 30 June 2017 and the financial summary set out on page 2 of the Issuer's interim report for the six months ended 30 June 2017; and
- (d) the terms and conditions (the **2013 Conditions**) of the notes set out on pages 38 to 63 (inclusive) in the offering circular dated 27 June 2013 prepared by the Issuer in connection with its euro medium term note and covered bond programme (the **2013 EMTN & Covered Bond Programme**).

The documents are available on the Issuers website at <http://www.alandsbanken.com/about-us/financial-information/debt-programme>.

Any non-incorporated parts of a document referred to above are either deemed not relevant for an investor or are otherwise covered elsewhere in this Base Prospectus.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) (the **Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public offer Selling Restriction under the Prospectus Directive

From 1 January 2018, the Arranger has represented and agreed, and each Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of the Markets in Financial Instruments Directive 2014/65/EU (as amended) (**MiFID II**); or
 - (ii) a customer within the meaning of the Insurance Mediation Directive 2002/92/EC (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) if the Notes have a denomination of less than EUR 100,000 (or its equivalent in another currency), not a qualified investor as defined in Prospectus Directive 2003/71/EC (as amended, including by Directive 2010/73/EU) (the **Prospectus Directive**); and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Prior to 1 January 2018 and from that date in relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**), the Arranger has represented and agreed, and each Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the

Relevant Implementation Date) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression **an offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- the expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

United Kingdom

Each Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute the conduct of a regulated activity in or from the United Kingdom in a contravention of Section 19 of the UK Financial Services and Markets Act 2000, as amended (the **FSMA**) by the Issuer.
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving persons in the United Kingdom.

General

Each Dealer appointed under the Programme will be required to represent and agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction

in which it purchases, offers, sells or delivers Notes or possesses or distributes this Base Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any of the other Dealers shall have any responsibility therefor.

None of the Issuer or any Dealer represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

The auditors of the Issuer have no material interest in the Issuer.

Documents available

For the period of 12 months following the date of this Base Prospectus, copies of the Issuer's articles of association, trade register extract and the information incorporated by reference (see "*Information Incorporated by Reference*") are available for inspection from the registered office of the Issuer.

No incorporation of website information

This Base Prospectus and any supplement thereto will be published on Ålandsbanken's website at <https://www.alandsbanken.com/about-us/financial-information/debt-programme>. However, the contents of Ålandsbanken's website (excluding the Base Prospectus, any supplement thereto and the information incorporated by reference) or any other website do not form a part of this Base Prospectus, and prospective investors should not rely on such information in making their decision to invest in the Notes.

Information derived from third party sources

Where certain information contained in this Base Prospectus has been derived from third party sources, such sources have been identified herein. The Issuer confirms that such third party information has been accurately reproduced herein. In addition, as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Conditions for determining price

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Yield

In relation to fixed interest rate Notes issued at an issue price which is fixed, an indication of yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant issue price and will not be an indication of future yield.

Litigation

There are no nor have there been any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) in the 12 months preceding the date of this Base Prospectus which may have or have in such period had a significant effect on the financial position or profitability of the Issuer or the Group.

Material contracts

To the best of Ålandsbanken's knowledge, there are no material contracts entered into outside the ordinary course of Ålandsbanken's business, which could result in any group member being under an obligation or

entitlement that is material to Ålandsbanken's ability to meet its obligation to security holders in respect of the securities being issued.

Dealers transacting with the Issuer

Dealers appointed under the Programme and their affiliates may engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business.
